

# Charter Academy of the Redwoods Notice of Regular Meeting Fullerton (707) 467-0500 October 11, 2022 \* 6:00p.m. Open Session

Welcome! The agenda is provided for this regular meeting of the Board of Directors of Charter Academy of the Redwoods, a non-profit public benefit corporation. All business of the Board is limited to these items and is conducted to fulfill the mission of preparing students for a successful future in safe, challenging, well-managed charter schools. If you wish to speak or present written comments, please notify the chairperson. A copy of any items that are identified as "back-up" is available upon request.

- I. Introductory Items
- a. Call to Order/Roll Call
- b. Adoption of Agenda
- c. President's Report
- d. Secretary's Report
- e. Treasurer's Report
- f. Safety and Facilities Report
- II. Consent Items—The following items are submitted to the Board of Directors to be acted on at one time without discussion. Each item is considered routine and non-controversial. Any Director may request any item be pulled for discussion or separate vote.
- a. Approval of Minutes—The Directors are requested to approve the minutes of the regular meeting of September 13, 2022. (back-up)
- b. Approval of Projected In-district ADA for 2023-2024—The Directors are requested to approve as a reasonable projection of in-district classroom ADA for Sequoia Career Academy of 121 and for Redwood Collegiate Academy of 116 for the purposes of submitting the annual letter of request for Proposition 39 facilities.

### III. Regular Meeting—Action Items

- a. Approval of Revised Unaudited Actuals—The Directors are requested to approve the unaudited actuals for Charter Academy of the Redwoods including Accelerated Achievement Academy and Redwood Academy of Ukiah. (back up)
- b. Approval of the Revised 2022-2023 Budgets---The Directors are requested to approve budget revisions for Sequoia Career Academy and Redwood Collegiate Academy. (back up)
- c. Approval of Annual Reports—The Directors are requested to approve Redwood Academy of Ukiah's and Accelerated Achievement Academy's Annual Reports for 2021-22 with authorization to make revisions if suggested by UUSD oversight personnel. (back-up)
- d. Approval of Proposed Board Policies-- The Directors are requested to approve revisions to to BP 401.6, detailing CAR's leave policy, and BP 303, detailing CAR's independent study policy. (back up)
- e. Approval of Overnight Trip— The Directors are requested to approve overnight trips for Redwood Collegiate Academy seniors to Robert Ferguson Observatory and for Sequoia Career Academy's freshmen and sophomores to Alliance Redwoods Conference Grounds in Occidental.
- f. Approval of 2022-23 CIF Representatives to League—The Directors are requested to approve the 2022-23 Designation of CIF Representatives to League. (back up)
- IV. Sunshined Item— The Directors are requested to preview revisions to BP 506, detailing CAR's Health and Safety policies.
- V. Public Comment for Items Not on the Agenda—The Board reserves 10 minutes for members of the public to address the Board on items not on the agenda and within its jurisdiction. The Board is prohibited by law from taking action on matters not on the agenda, but may ask questions to clarify the speaker's comment, briefly answer questions, and refer the speaker to follow up with a specific staff member.
- VI. Next Regular Meeting—Tuesday, December 13, 2022 @ 6:00 p.m. @ Redwood Collegiate Academy This meeting will include the annual and organizational meetings for the corporation.

#### VII. Adjournment

Preparing students for a successful future in safe about a successful future in safe a successful fu

### Charter Academy of the Redwoods

Minutes of the Meeting of Tuesday, September 13, 2022 1059 N. State Street, Ukiah Redwood Academy open for public comment

### I. Welcome and Opening

The meeting was called to order at 6:03 p.m. by Chairperson Joseph. Board members in attendance:

Sandra Bovce

Yes

Rebecca Brown

Yes

Anne Ford

No

Jay Joseph

Yes

Kip Webb

No

Elna Gordon, Selah Sawyer, Jim Switzer, Melinda Decker and Caleb Cimmiyotti were present.

On a first by S. Boyce and a second by R. Brown, the Board voted (3-0) to adopt the agenda.

President's Report~ Redwood Academy is currently at 126 students this year. That is down from 129 students at this same time last year. However, the middle school enrollment is healthy. Instead, it is Redwood's high school classes that are smaller than usual, so staff will continue to enroll all interested students and look for marketing opportunities. It is not expected that the state will pass any more hold harmless ADA legislation that will aid charter schools. As a result, the RA budget for this year will be severely impacted. The schools will have two more restricted state grants become available this year, the Learning Recovery Emergency Block Grant and the Arts, Music, and Instructional Materials Block Grant, which will bolster revenue approximately \$291,000 for Sequoia and \$234,000 for Redwood. As with other one-time grants, this funding is to be used for designated purposes. The Arts, Music, and Instructional Materials grant may also require that a plan be submitted to the board for approval sometime this year. Jim will present revised budgets based on current enrollment numbers at October's meeting. The school received student CAASPP scores. Overall Redwood's scores did increase from the previous year, most notably in English/literacy, almost making it back to pre-pandemic "met standard" levels in the 80% range. Math and science still have yet to rebound—though there was slight improvement in both areas. We should see a full release of these scores as well as the scores from other schools later this fall, and these results will also be reported on the CDE's Dashboard. Because Covid is continuing to make things much more difficult in terms of finding bus companies, teachers are looking for parent drivers willing to help with field trips. The staff wants to continue to use some of the state and federal extra funding to help run meaningful programs and learning experiences for the students—things such as field trips, continuing to sponsor after-school SPACE classes, and continuing to have a mental health counselor on campus.

Secretary's Report ~ Sequoia's enrollment is at 142 students, up from 127 last year, and close to pre-pandemic enrollment. The increased enrollment will help offset the absences that are still occurring as a result of the pandemic. The staff will continue to participate in community events to build enrollment. Sequoia did receive the CAASPP scores from last year. The percent who met or exceeded standard in math was relatively unchanged from last year at about 11%. The percent who met or exceeded standard in ELA was about 39%, an 8% increase over last year, but still below pre-pandemic numbers. Science also saw an increase to 27% meeting or exceeding standard, an increase of 14% over last year. The schools have purchase a car that is being used to get lunch from Willits and is also available for field trips. The new Sequoia principal, Melinda Decker, has started the year out great, working hard on the rebranding of the school, as well as continuing the work of meeting the challenges arising from distance learning and the pandemic, spearheading SEL curriculum and the MTSS development. Additionally, the new Academic Services Coordinator, Meghan Anderson, has hit the road running, organizing enrichment, electives, community assemblies and visiting professional assemblies as well as several field trips all while providing academic support to students.

Treasurer's Report ~ Current Budget Report and Cash in the County Treasury Report of 9/9/22 shows current cash of \$2,927,847—derived by adding last year's balance, \$3,694,261 with this year's balance, \$-766,414, since the balances have not been rolled over yet. This does not reflect the August apportionments and taxes as they have not been posted yet which should be approximately \$76,166. The budget report reflects the previous year's totals from the unaudited actuals and the original budget approved in June. The next budget will be presented in October based on CBEDs enrollment followed by the First Interim Report in December.

The books for 2021-2022 are not closed yet like they normally would be. The unaudited actuals on the agenda reflect the expenses and revenue transactions for the 2021-2022 year. There is still one entry that needs to be made. Each school still has a \$2,000-\$3,000 per school in 4th quarter interest revenue that needs to be posted to the 8660 series. As a result, the unaudited actuals will be taken to the board again in October. As noted in the assumptions, the Unaudited Actuals reflect accrual methods of accounting which included buildings, depreciation of capital and student body funds which are not included in our cash based budgets that are present in interim reports and budget approvals. Two reports have been included for each

school. One of the reports does not contain the depreciation and student body funds (as seen in the interim reports). The other report does include the accounts and reflects what will be submitted to the state.

Safety and Facilities Report ~ Over the summer several projects were completed including redoing some of the skirting along the RA office and some classrooms. Additional repairs were completed on Fullerton through Irvine and the south facing office wall. Home Arts was recarpeted with plans to recarpet Sequoia main next year. A new phone system was installed. The front door at Sequoia is also going to be replaced.

#### II. Consent Items

a. On a motion by S. Boyce and a second by R. Brown, the Board voted (3-0) to approve the minutes of the special meetings on June 14, 2022.

#### III. Regular Meeting

- a. On a first by S. Boyce and a second by R. Brown, the Board voted (3-0) to approve the unaudited actuals for Charter Academy of the Redwoods including *Accelerated Achievement Academy* and *Redwood Academy of Ukiah*.
- b. On a first by S. Boyce and a second by R. Brown, the Board voted (3-0) to approve revisions to the 2022-23 salary schedule.
- c. On a first by S. Boyce and a second by R. Brown, the Board voted (3-0) to approve the Consolidated Applications for Charter Academy of the Redwoods including *Sequoia Career Academy* and *Redwood Collegiate Academy*.
- d. On a first by S. Boyce and a second by R. Brown, the Board voted (3-0) to approve an overnight Outward Bound trip on September 19<sup>th</sup> to the 23<sup>rd</sup> to Sierra national Park, Shaeer Lake, CA for Redwood Collegiate Academy juniors and seniors.

#### IV. Sunshined Items

a. The board previewed revisions to BP 401.6 an 303.

#### V. Public Comment For Items Not on the Agenda—No public comment

VI. Next Meeting— The next regular meeting of the Board of Directors is scheduled for Tuesday, October 11, 2022 at 6:00 p.m. on the campus of *Redwood Collegiate Academy* 

#### VI. Adjournment

As acclaimed by the chair, the meeting was adjourned at 6:40 p.m.

Respectfully submitted,

Selah Sawyer Secretary

For the Record:

Before 6:00 pm on Thursday, September 8, 2022, this meeting agenda was:
Hand-delivered with back-up to all five board members and both corporate officers and management staff;
Posted in the offices of *Redwood Collegiate Academy* and *Sequoia Career Academy*Posted on the <a href="https://www.caredwoods.org">www.caredwoods.org</a> governance channel

### Redwood Academy of Ukiah Charter School Annual Report for the School Year 2021/2022

Charter School Mission: Redwood Academy's mission is to prepare students for college and independent living in a safe, challenging, well-managed charter school.

#### A. Educational Program

Target School Population Served

Age range: 11-18Grade Levels: 7-12

Number of Students: 127

 Description of students served: Redwood Academy of Ukiah is designed for students in grades 7-12 who are motivated to prepare for college. These students represent a wide-range of ability levels and varying degrees of motivation; however, all students understand when they enroll that they are expected to participate in a program that will ultimately enable them to meet the admission requirements of the University of California.

#### 2. Attendance

- Number of school days: 175
- Instructional minutes by grade spans: All students were assigned 66,300 minutes in 21-22, exceeding the state's annual requirement of 64,800 minutes.
- Attendance requirements: Students are required to attend school daily.
- Attendance expectations: Students are expected to attend school every day for the entire day unless a special circumstance such as illness, unavoidable dental or medical needs, or a family emergency occurs. If a student is going to be late, parents are expected to notify us by 8:30 a.m. If a student is unable to attend, parents are expected to notify the office no later than 8:45 a.m. on the day involved. Independent study is an option for short-term absences such as those due to medical reasons or a family emergency. Unexcused tardies and absences may be subject to disciplinary action. Any student who is absent without a valid excuse for three or more days is considered truant.
- Number of truant students: 18
- 3. What it means to be an educated person in the 21st Century
  - List of academic skills and abilities: The staff remains committed to the belief
    that an educated person has general academic skills and qualities including: the
    ability to use one or more languages to express individuality with precision and pride;
    draws from the disciplines of mathematics and science to be a rational thinker; has a
    sense of self from a cultural and historical context; and participates in the arts as a
    performer and critic.
  - List of non-academic skills and abilities: The educated person also has non-academic skills and qualities including: makes healthy choices for personal fitness from among competing demands; uses technology and household tools to live

independently; and has familiarity in a career-related area of personal interest and has the motivation and tools to continue to learn.

- 4. Description of how learning best occurs
  - Summary of curriculum taught and how it was aligned to state standards: In keeping with Redwood Academy's mission to prepare students for college, the academic curriculum design is based on the California State Board of Education-adopted standards, the University of California requirements for "a-g" course approval, and the College Board requirements for Advanced Placement courses. One-hundred percent of Redwood Academy students are enrolled in coursework to meet university entrance requirements. Of the graduating class of 2022, 96% completed the a-g coursework required with a "C" or higher for entrance into a four-year university. The non-academic curriculum design, taught in classes such as Advisement and Graduation Project, is also driven by the school's mission to prepare students for independent living and is driven by our independent living skills matrix (Appendix F), which allocates an independent living focus for each grade.
  - Instructional approaches and strategies used: The staff continues to use an instructional approach that values cross-curricular approaches. Teachers all make use of multiple intelligences and integrate content with literacy skills. Each quarter teachers in English, social studies, and science engage in aligned instruction and assessment on a focus literacy standard. All classes for each grade share quarterly vocabulary words in an effort to vertically build students' academic language. This cross curricular emphasis also takes the form of collaborative studies. For example, 8<sup>th</sup> grade students study the American Revolution in U.S. history class and read *April* Morning, a piece of historical fiction set during the Revolution, in English class and 10<sup>th</sup> grade students study the Russian Revolution in World History class and read Animal Farm, a fable that parallels that revolution, in English class. In all academic classes, the majority of instructional time includes large and small group direct instruction planned and conducted by certificated staff. All strategies presented in the plan for low achieving, high achieving, and English learners students are incorporated into the regular school day. Staff draws from current research to select and design promising practices.
  - Learning setting: The setting is classroom-based; however, in keeping with AB 130, Redwood Academy did offer the option of long-term independent study to students in 21-22 due to the continued safety risks imposed by the Covid-19 pandemic.
  - Support provided for students who are academically low achieving: This is a challenging program, particularly for students who arrive at the school with minimal motivation or are working below grade level. The staff continues to aggressively respond to the population of struggling students by its use of an on-line student information system called PowerSchool® and by maintaining procedural agreements regarding posting scores within two days for daily work and five days for major assignments. This program enables each student, parent, and staff person to access the student's academic status from any computer or phone with web access. As a result, struggling students are quickly identified and targeted for supplemental instruction and academic counseling. Whether the student is learning English as a

second language, has an IEP or 504, or is struggling with personal distractions, the Student Services Coordinator is able to provide additional support. This support includes personal planning based on defining specific challenges, working with the school's resource staff, using in-class strategies in both the primary classroom and the Guided Study class, and providing targeted students with supplemental supervised study time on Wednesdays during school club time and by way of afterschool tutorials. Additionally, struggling students are provided a supplemental summer session in which they can work on skill-building and credit recovery. Last year, RA had approximately 30% of its students who required supplemental study time, after-school tutorial, or summer session.

- Support provided for students who are academically high achieving: At RA, high achieving students are: encouraged to serve as a role model to help other students and will be encouraged to serve as peer tutors and mentors to younger students; encouraged to participate in extra credit and challenge activities designed to extend learning, and encouraged to enroll in Advanced Placement and Honors courses. Last year, RA had approximately 55% of its high school students enrolled in AP and Honors courses and an average of 55% of students on honor roll each quarter.
- Instructional strategies used for special education students: In 2021-22, Redwood Academy had 6 students enrolled in special education. compliance with all phases of special education including: referral, assessment and identification, and services to insure that federal IDEA mandates are followed. RA provides a program that is designed to meet the student's unique educational needs, provides reasonable educational benefit, is in conformity with the student's IEP, and is the least restrictive environment. Strategies for academically low achieving students such as tutoring and extended day/year instruction described above are included in this program of services. In 2021-22 RA maintained an agreement with the charter-authorizing agency's special education personnel to clearly delineate the charter school's roles and responsibilities for the operation of special education programs and establish the charter-authorizing agency as the LEA for special education purposes. RA staff worked with the charter-authorizing agency staff to ensure the coordination of all phases of the IEP process (i.e., meeting notices, IEP development; implementation, and monitoring) for all students referred and/or identified for special education; and worked with agency staff to monitor IEPs for compliance as required to meet state mandates. RA staff works with all families to identify the needs of exceptional students attending RA. Using parent disclosure and review of the cumulative file by RA staff, information about incoming previously identified students with IEPs were forwarded to the agency's special education staff so that an educational plan could be implemented at RA. The strategies that RA utilizes to serve a special education student in a college preparatory program includes but is not limited to the following: implementation of accommodations established by the Student Study Team, skill-specific tutoring (provided by a resource specialist or through the general education providers as specified in the IEP), parent consultation and provision of resources for home use, increased use of on-line and other technological resources, and increased use of manipulatives. Finally, in keeping with IDEA's "child find" provision, students whose needs emerge after enrollment at RA are referred to a Student Study Team (SST) for monitoring, accommodation, and follow-up. It is the goal of the SST to use general education modifications and accommodations. All parent requests for special

education testing or placement are forwarded to the special education staff as well as the information recorded by the SST regarding regular education efforts to address the student's needs. During 2021-22, the number of students enrolled in Special Education was so small that data on successful completion of IEP goals cannot be included in this report to protect student identity.

- Instructional strategies used for English learners: Redwood Academy administered the ELPAC to 9 students. Of the 9 students, 1 was reclassified as fully English proficient after taking the summative ELPAC test, and the remaining eight students are eligible for EL services. The RA staff addresses the needs of all students who continue to struggle with acquiring the level of English proficiency needed to become college ready through a variety of strategies including: large group direct academic instruction; small group and partner tutoring that focuses on language gaps in the content area; instruction in the English classroom where strategies such as those taught in SDAIE training are used, such as running dictation, reciprocal teaching, graphic organizers, and jigsaw teaching; after school and inclass tutoring with the teacher and/or aides; and summer session with a certificated teacher and highly qualified paraprofessionals.
- 5. Additional Requirements for Charter Schools Serving High School Students
  - How parents were informed about the transferability of courses to other public high schools: Parents are informed about the transferability of courses at the mandatory orientation prior to enrolling. Information about course transferability is also available in Redwood Academy's Student-Family Handbook. They are informed that Redwood Academy is accredited by the Western Association of Schools and Colleges, and, as such, all credits are transferable.
  - How parents were informed about the eligibility of courses to meet college
    entrance requirements: The University of California has approved all courses
    required for students to meet the "a-g" requirements; courses are available for
    review on the UC's web page. The school offers all required courses. All parents and
    students are notified that RA courses meet college admission requirements at the
    orientation they attend and/or in the information packet that they receive prior to
    enrolling.
- B. Measurable Student Outcomes "Exit Outcomes" or "Graduation Standards" (including Academic Performance Index and Adequately Yearly Progress school data)

Students at Redwood Academy may earn either a General Diploma or an Academic Honors Diploma by completing course requirements, and independent living competencies. The specific diploma requirements are as follows:

General Diploma Re	<u>equirements</u>	
English	40 credits	
Math	30 credits	(10 of which must be equivalent to Algebra I)
Science	20 credits	(must be lab sciences)
Social Studies	30 credits	(must include world and US history, gov't/econ)
Modern Language	20 credits	(must be in one language)
VAPA	10 credits	

Community Service 10 credits Graduation Project 10 credits Other 70 credits

Total 240 credits earned with an overall GPA of 2.0 or higher

<u>Academic</u>	Honors	Diploma

Eng	glish	40 credits	
Ma	th	40 credits	(must inc Algebra I/Geometry/Algebra II/ Trigonometry or equivalent)
Sci	ence	30 credits	(must inc bio, chem, and one add'l science)
Soc	ial Studies	30 credits	(must include world and US history, gov't/econ)
Mo	dern Language	30 credits	(20 of which must be in one language)
VAF	PA	10 credits	( anguage)
Cor	mmunity Service	10 credits	
Gra	duation Project	10 credits	
Oth	ier	50 credits	
Tot	al	250 credits e	arned with an overall GPA of 3.0 or higher and to inc
			ed placement or college level course in mathematics

one advanced placement or college level course in mathematics, English, or social studies; All academic classes must be UC approved, and all

grades for these classes must be a C or higher.

Based on an analysis of last year's achievement, the following school-wide goals guide the planning process.

Attendance	<b>2021-22 Goal</b> 95%	<b>2021-22 Actual</b> 93%	<b>2022-23 Goal</b> 95%
Dropout Rate	0%	0%	0%
Graduation Rate	100%	100%	100%
Completion of UC Requiremen	nts >90%	96%	>90%
Enrollment in 2- or 4- year co	llege >85%	78%	>85%
Other State and Testing Meas	ures		
(Chronic Absenteeism)	3%	20%	3%
(Suspension Rate)	2%	4%	2%
(Expulsion Rate)	1%	0%	1%
(College/Career)	90%	91.3%	90%
(EL Reclassification)	50%	0%	50%
(AP Student Exam Pass Rate)	75%	74%	75%

Description of progress towards measurable student goals: In 2021-22, Redwood Academy met or closely approached many of its goals. The exceptions were enrollment in 2 or 4 year college, EL reclassification, and chronic absenteeism. These goals were likely impacted by the Covid 19 pandemic, and the instability that it has brought. The Covid-19 isolation and quarantine orders increased student absenteeism. Some students were scared for their own health or that of a family member. Often when an exposure notification was issued, many students would be kept home by their parents for several days. Additionally, several students struggled with motivations and mental health crisis and, in a few instanced,

were repeatedly hospitalized. Independent study was not always completed, or the lack of notice made its issuance and retrieval unviable. Most students were unable to tour colleges and universities. The staff attempted to balance the meeting of student social and emotional needs, a major focus from the prior year, with a strengthened return to our more traditional focus on academic rigor, which resulted in significant growth in AP exam pass rates, the completion of UC requirements, as well as growth in enrollment in 2 and 4 year colleges as compared to the prior year. The College/Career data is reflective of the 2018-19 cohort because this is the most recent data available on the CDE Dashboard site.

## C. The Method by Which Pupil Progress in Meeting the Pupil Outcomes Was Measured (including performance level data for the CAASPP, CSTs, CELDT, and the Physical Fitness Test)

Student Outcomes	Standardized Test Benchmark	% Meeting Benchmark	Teacher Assessment Benchmark	% Meeting Benchmark					
English: to use langua	English: to use language as a tool to create, express, and evaluate personal points of view								
7-Lang. Arts 7 8-Lang. Arts 8	≥ Proficient on CAASPP (7,8,and 11s)	80%	Grade of "C" or higher in class	93%					
9-English I 10-English II/ Honors	College Ready on CAASPP (11s only)	90%							
11-English III/ AP 12-English IV/ AP	AP Language and Composition Pass Rate	92%							
	≥ Level 3 on ELPAC (ELs only)	78%							
Mathematics: to dem	onstrate college-entry lev	el mastery of ma	athematics						
7-Pre-alg 8-Algebra	≥ Proficient on CAASPP( 7,8, and 11s)	48%	Grade of "C" or higher in class	74%					
9-Geometry/ Alg 10-Algebra II/ Geo	AP Calc Pass Rate	100%							
11-Trig-Precalc/ Alg II 12-AP Calculus/ Trig- Preclac	College Ready on CAASPP (11s only)	50%							
Social Studies: to exp	oress a broad knowledge o	of history, culture	e, government, and ed	conomics					
7-Medieval 8-Early U.S. 10-Mod. World	≥ Proficient on CAASPP Literacy (7,8, 11s)	80%	Grade of "C" or higher in class	93%					
11-Mod. U.S. 12-Gov/Econ	AP US Hist, US Gov, and Psych Pass Rates	83% (US Hist) 29% (USGov) 75% (Psych)							
Science: to demonstra	ite a college-entry level m	astery of the pri	nciples of science						
7 Life Science 8 Phy. Science 9 Earth Science 10 Biology 11 Chemistry	<ul> <li>≥ Proficient on CAST</li> <li>≥ Proficient on CAASPP</li> <li>Literacy (7,8, 11s)</li> </ul>	64% 80%	Grade of "C" or higher in class	90%					
Spanish: to use langua	age as a tool to create, ex	press, and evalu	uate personal points o	f view					
8 Conv. Spanish 9 Spanish I 10 Spanish II	NA	NA	Grade of "CR" or "C" or higher in class	92%					
11 Spanish III  Theater Arts: to partic	cipate in the arts as a per	 former and critic							

9 Film and Media	NA	NA	Grade of "C" or higher in class	92%					
management, interper	Life and Leadership/Graduation Project: to develop skills related to healthy living, financial management, interpersonal relations, technology use, and college and career preparation								
7-12 Life and Leadership 12 Graduation Project	≥ in HFZ 4 out of 6 categories on PFT (7s & 9s only)		Grade of "CR" in class	95%					

Note: This chart is a compilation of data found in PowerSchool, College Board student test report data, and state testing data provided in the appendices. PFT data for 2021-22 is unavailable due to the test administration not being collected by the state for processing.

Description of how data was collected, analyzed and used to improve charter school program: Data was collected by way of standardized test reports and PowerSchool. Teachers analyzed the data by looking at standardized test results in conjunction with their classroom assessment data where applicable. Most teachers found that the percentage of students earning As and Bs in their AP classes who also took the AP Exam corresponded roughly to the percentage of students who passed the exam. Teachers used their findings in the individual student data to determine what improvements could be made to instruction.

The data available shows that RA students are performing in the realm of expectations, given the impact of the ongoing pandemic and the impact it has had on education over the past several years. The school continues to focus on improving instruction and learning. Beginning in 2012-13, RA implemented PLC work among all teachers aimed at creating curriculum continuums aligned with CCSS that will result in increased or maintaining student proficiency and college-ready rates in both ELA and mathematics. That teamwork continues this year as we prepare for administering the eighth round of Smarter Balanced Assessments this coming spring as well as successfully implementing the state-provided interim assessments for an eighth year. The instructional focus presently continues to include a focus on the Next Generation Science Standards, with the addition of a Physics course last year, in 2021-22, and full implementation of the CAST. In 2017-18 year, RA added a PLC focused solely on the science instruction and NGSS implementation, and, three years ago, RA added a part-time STEM coordinator position to aid in the continued NGSS transition as well as to facilitate other STEM-related curriculum/activities. This year, in an effort to continue to address the learning loss that resulted from the pandemic, we are again providing more in and out-of-class opportunities for individual and small-group tutoring as well as expanded credit recovery options, and because, according to state testing, mathematics learning suffered a larger loss than ELA, we have concentrated tutoring support in our math classrooms this year. Additionally, we are investing in mental health services, fitness equipment and programs, and extracurricular activities to the extent possible in an effort to continue to re-engage students and, thereby, address barriers to learning.

### D. Governance Structure of School Including, But Not Limited to, Parental Involvement

1. Role parents had in the governance and operation of the school (include data to document parental involvement): Parent participation in the governance and operation of the school takes two primary forms: participating informally by way of parent surveys, Open House, Demonstration Nights, Parent Advisory Meetings, and volunteering to chaperone school trips and participating formally by serving on RA's School Site Council or CAR's Board of Directors. In 2021-22, Parent Advisory meetings were attended by a small group of parents. Unfortunately, the events where our parent participation is typically the

highest, both Open House and Demonstration Nights, were not held in 21-22 due to continuing Covid-19 protocols and concerns. In addition, many major school field trips, including our school-wide college campus trips, which would normally include parent chaperones, could not be conducted due to the pandemic. However, the school was able to send students on both a sophomore trip to the USS Hornet in Alameda and a senior trip to Lake Tahoe in the spring, both of which involved the help of parent chaperones. Approximately 27% of parents submitted an end-of-year parent survey. Of the parent surveys submitted for the year 2021-22, 91 percent of respondents felt like their students' classes were adequately preparing them for college, 94 percent of respondents felt like they could address their concerns with staff members, 79 percent said their student felt successful during the school year, and 88 percent said that their student felt their effort at school was valued by staff members. In addition, our School Site Council included two parent members and our Board of Directors included five parents of current Redwood Academy students, three of whose students' also attended Accelerated Achievement Academy during grades 4 through 7.

- 2. Description of the governance structure and how often each entity met: The Corporation, Charter Academy of the Redwoods, is a 501(3)(c) non-profit public benefit corporation and maintains adopted Corporate By-Laws filed with the Secretary of State in 1999. The By-Laws clearly define the role of Directors and Officers and distinguish between them and employee managers. The five-member Board of Directors fulfills the legally mandated duties for the Corporation and provides overall policy setting for both Redwood Academy and Accelerated Achievement Academy. At the annual organizational meeting, the Board elected Jay Joseph, who has one current Redwood Academy student and two graduates, as chairperson. Director Anne Ford, who has one current Redwood Academy student and one graduate, was elected to serve as the corporation's clerk. The Board held twelve meetings. All meetings were conducted according to the Brown Act with minutes maintained in the corporate binder; agendas were posted at all Charter Academy school sites and on the Charter Academy webpage. UUSD Director of Alternative Education, Scott Paulin, also received agendas prior to the meeting and minutes following each meeting. Agendas and minutes are posted on the corporate web page. The School Site Council, an entity that governs at the school site level, and includes parent members, met three times, once in October 2021, once in December 2021, and once in February 2022. In total, the elected Council is comprised of the school's Principal, two certificated staff members, one classified staff member, two parent members, and two student members. All School Site Council meetings focused on the school improvement cycle, which included looking at RA's assessment data and revising and approving the WASC action plan and the Title I Parent Involvement Policy. The SSC also reviewed and provided input for RA's Local Control and Accountability Plan. In addition, Redwood Academy operates in keeping with a Memorandum of Understanding that is current and comprehensive. Staff maintained a document to monitor deadlines and adhere to each provision of the MOU. It is also integral to promoting communication with the district personnel in charge of oversight and the evaluation of the educational program in keeping with the matrix.
- 3. **Report on annual board training:** Two hours of board training were conducted during the 2021-22 school year. The first half hour of training presented in October by Co-Executive Director, Elna Gordon, was on the Brown Act and on AB 361; the next hour in January was a review of topics related to LCAP, LCFF, CAASPP, WASC, federal fund planning, fiscal cycle, budget process, and board duties/policies. Another half hour of training presented in June by the Corporate Officers, Elna Gordon, Selah Sawyer, and Jim Switzer,

focused on the Local Indicators and the LCAP as well as provided the board updated information on the various restricted revenue streams.

### 4. Summary of major decisions/policies established by the charter school board during the year: Key decisions and policies made during 2021-22 include-Governance

Approve changes to the salary schedule	9/14/21; 3/8/22, 5/3/22,
	6/14/22

5. Summary data from the annual student/parent satisfaction survey: The parent satisfaction survey was administered to parents in April. While only 27% of parents responded, the results were generally positive. 79% felt that their child had been successful during the school year. Those who answered no indicated that their children needed to return to a normal school setting from the online long-term independent study program. 91% felt that their child's classes were adequately preparing them for college. Most who felt otherwise again indicated that they felt inperson instruction was needed and again, the long-term independent study program was mentioned. 88% indicated that their child's efforts felt valued. 94% stated that they could talk with staff about their child's needs. An open ended question asked about what the school should focus on when bringing students back in the fall to create a positive learning environment. Responses primarily focused on creating opportunities for students to engage in social activities, community activities, and traditional school events. The student satisfaction survey, administered in May, included the usual questions about school satisfaction and also asked about feeling safe while in hybrid learning. Students were positive with 91% feeling successful this past year, 92% feeling that school staff support and value their efforts, 92% feeling that their classes were helping them to learn and prepare for college, 91% feeling that kindness and honesty are encouraged, 69% feeling that they can talk to staff about their needs, and 91% of students felt safe while at school. The percentage who feel comfortable talking to staff about their needs is a notable decline as this has historically rested around 85%, and this marks the lowest in the school's history. This is likely a result of masking limiting the ability of staff and students to show expression, stunted social skills from the year and a half spent at home during the height of the pandemic, and that student needs may have changed from prior years to those that they are less comfortable sharing. Survey results are shared with the staff and reviewed by the School Site Council. In the 2021-22 school year, RA continued to provide after-school tutoring hours for all classes and expanded summer school opportunities, including sponsoring SPACE summer classes. Many of the usual opportunities to engage in college tours. Outward Bound, and various other workshops were still not possible as a result of the pandemic. Many of our usual community building programs and activities, such as Demonstration Nights, were also suspended as a result of the pandemic. However, by the end of the year, we were able to send students on some exciting field trips, including an overnight trip to the USS Hornet and a senior class trip to Lake Tahoe. Additionally, the school was able to host a junior-senior prom and hold an in-person graduation ceremony. In an effort to promote a positive school climate, the Redwood Academy student council operated throughout the year and initiated several programs to build community, such as creating posters with positive quotes and inspirational messages for the classrooms and school bulletin board, making school-wide announcements, and also organizing a spirit week that included a variety of class competitions. Additionally, our 7s, 8s, and 11's and 12's continued to participate in a Buddy Program, whereby our older students serve as mentors for our younger students.

### **Student Survey Results:**

	Is there an area of your life in which you have felt success this year?	Yes 90.5%	No 9.5%
2.	Do you feel like the school staff supports and values your efforts? What could the staff do to better support you?	Yes 92.4%	No 7.6%
3.	Do you feel like your classes are helping you learn and prepare for college? What ideas do you have about helping your prepare for college?	Yes 92.4%	No 7.6%

4. Do you feel like kindness and honesty are encouraged by your teachers and peers?	Yes 91.4%	No 8.6%
5. Do you feel that you can talk to the staff about your needs?	Yes 68.6%	No 31.4%
6. Do you feel safe while at school? What makes you feel unsafe?	Yes 91.4%	No 8.6%
7. Have you used Power School to help improve your grades?	Yes 86.7%	No 13.3%
8. Do you expect to attend Redwood Academy next year?	Yes 70.5%	No 29.5%

### E. Qualifications to be Met by Individuals to be Employed by The School

- 1. **Key staff positions and qualifications required:** The school office is staffed by a principal, student services coordinator, and coordinator of operations, with support from the chief fiscal officer, co-executive director, and back office manager. Credentialed staff provides all core and college preparatory classes. An instructional assistant supports study time classes. Teachers and principals are credentialed and hired based on a published flier and application that emphasizes appreciation of adolescents, expertise in subject matter, and pioneering spirit. All teachers assigned to teach core or college preparatory subject matter areas hold teaching credentials or permits issued by the California Commission on Teacher Credentialing. The school employs teachers with subject matter authorization in every subject taught. We did not hire any certificated staff during 2021-22 and there were no opening during the school year either. Instructional Assistants and other classified staff are also hired based on an application process. In 2021-22, those classified staff serving in a position that provided instructional support also met requirements that mandated a minimum of two-years of post-secondary education or the successful completion of a local academic assessment.
- 2. **Number of certificated and classified staff members:** In 2021-22, Redwood Academy employed 12 classified staff members and 11 certificated staff members. Ten of the classified staff members and eight of the certificated staff members had some assigned duties at Accelerated Achievement Academy as well.
- 3. Process used to monitor credential expiration dates: The district is notified whenever personnel are hired or leave during the school year by way of a monthly employment report that tracks all changes in employment as well as credential and tuberculosis test expiration dates. This monthly report is monitored by the principal to ensure that teaching credentials are kept current.

### F. Health and Safety Procedures

1. Process used to attain criminal record summary for new employees: Every new employee is fingerprinted with the school as the receiver of the criminal record summaries. In 2021-22, no new employee had a disqualifying event.

2. Process used to monitor employee TB clearance and expiration dates: TB clearance and expiration dates are monitored by the chief fiscal officer by way of an excel spreadsheet. In addition, the district is notified whenever personnel are hired or leave during the school year by way of a monthly employment report that tracks all changes in employment as well as credential and tuberculosis test expiration dates. This monthly report is monitored by the principal who works in conjunction with the chief financial officer to ensure that TB tests are kept current.

### 3. Description of health and safety procedures followed:

- Redwood's chief fiscal officer to comply with FEMA and OSHA recommendations. These policies are maintained in consultation with the school's insurance carriers and include responses to natural disasters and emergencies including fire, flood, earthquake, dirty bombs and toxic spills, siege, explosions, airplane disasters, and serious personal injuries. Specific precautions taken to ensure seismic safety include monthly safety inspections and mitigation procedures for ensuring safety of students and staff. These are performed by the maintenance department and overseen by the Chief Financial Officer. These procedures include ensuring that all exits are free from obstruction, that all exits are well marked and evacuation maps are in place, and that all heavy furniture such as bookcases and file cabinets are well-secured by straps to the wall.
- Natural disasters and emergencies: Charter Academy of the Redwood's Guide to School Safety Procedures are maintained by CAR's chief fiscal officer and reviewed by staff at the beginning of each year. The guide includes procedures for what to do in the event of an assault or fight, bomb threat, earthquake, fire, hostage taking, intruder, serious injury or death both at and outside of school, and weapons possession. Four evacuation drills were held during the 21-22 school year with a review of what behavior was expected and a review of the posted evacuation routes.
- Immunizations, health screenings, administration of medications: For those who need medication dispensed, Charter Academy of the Redwoods Corporate policy is followed which requires written authorization by the health care provider and a log of the time medication was given and by whom. All medications were locked up in a cabinet in the business office. CAR also adheres to the provisions of Education Code Sections 49450-49456 with regard to physical exams of students in school. Students in grades 8 and 10 as well as any students new to American schools participated in vision screening conducted by Laura Baynham, RN, PHN. Students in grades 8 and 10 also participated in hearing screening conducted by Laura Baynham, RN, PHN. There were 5 students with screening scores outside of the normal range in 2021-22, and the parents of the students with those scores were notified in writing. Finally, CAR requires all enrolling students to provide documentation of immunization in accordance with the law, including immunizations for polio, diphtheria, tetanus, pertussis, measles, mumps, rubella, hepatitis B, and varicella. The immunization policy honors permanent medical exemptions for all students and personal belief exemptions filed before January 1, 2016 for all students except for those entering grade seven. Records of student immunizations were maintained in a separate health file for each student.
- Tolerance for use of drugs and/or tobacco: Redwood Academy maintains a drug, alcohol and smoke free environment.

- Staff training on emergency and first aid response: All staff received access to bloodborne pathogen training as well as training in emergency response, sexual harassment, mandated-reporting requirements, suicide prevention, and fire extinguisher use. Two staff members have completed training to be able to provide training to students through the Teen Community Emergency Response Team (CERT) program.
- Suicide Prevention: CAR recognizes that suicide is a major cause of death among youth and should be taken seriously. In order to attempt to reduce suicidal behavior and its impact on students and families, CAR has developed strategies for prevention, intervention, and postvention. CAR involved mental health professionals and community organizations in planning, implementing, and evaluating CAR's strategies for suicide prevention, intervention, and postvention. As appropriate, these strategies specifically address the needs of students who are at higher risk of suicide, including, but not limited to, students bereaved by suicide, students with disabilities, with mental health issues, or substance use disorders, students experiencing homelessness or who are in foster care, and lesbian, gay, bisexual, transgender, or questioning youth. CAR's policy shall be reviewed by the Board and updated as necessary annually. As part of CAR's suicide prevention strategies, all staff received training in suicide prevention, prior to the start of 2021-22 school year.
- 4. **Description of any revisions to the charter school board adopted health and safety policies:** During 2021-22, CAR did not revise the health and safety policy. CAR initially adopted board policy, BP 506, outlining our health and safety procedures in 2011 and added policy specific to suicide prevention in 2018. Two years ago, CAR revised the suicide prevention policy to address all components of AB 2246. (Appendix E).
- 5. Description of suitability of facility in terms of educational utility: Redwood Academy maintained the classrooms and office facility, shared classrooms with Accelerated Achievement Academy. Occupancy was well within established limits. Sufficient restrooms were provided and exits were adequate for traffic control. Temperature was easily controllable. All buildings suitably housed the variety of educational programs, technology, and administrative support needed. The Junior Building, which is typically used for morning Check-in as well as lunch for both schools, and for school activities, was rented and used throughout the year. Additionally, Carl Purdy Hall, which is usually rented for promotion and graduation to accommodate the size of the audience, was used in June.

### G. Means to Achieve a Racial and Ethnic Balance Reflective of Authorizing School District

1. Specific practices/policies used to attract a diverse applicant pool/enrollment: Redwood Academy adheres to the goal of enrolling students who are representative of the adolescent population of the district. From speaking to parents at the time of enrollment, it was clear that word-of-mouth continued to be the school's most effective means of outreach. The majority of outreach was done by current students and their families; this generated a large percentage of inquiries from parents who had heard about the school from a current or former student. However, Redwood Academy also ran advertisements on Facebook, in the Ukiah Daily Journal Back to School edition, and the City of Ukiah Recreation Guides. In an effort to achieve a racial and ethnic balance reflective of the school district, Redwood Academy provided Spanish-language registration materials. Spanish language services were provided to prospective parents by phone and in person; orientation and orientation hand-outs were provided in Spanish. Additionally, prior and during the 2021-22 school year, Redwood Academy ran regular advertisements in both Al Punto and Dos Mundos in Spanish. Redwood Academy also engaged in outreach booths at Sunday's in the Park, Pumpkinfest, Hometown Holidays, the Spring Carnival, the Community Yard Sale, and

the Dia de los Ninos event. Despite access to information about Redwood Academy, Hispanic/Latino parents continue to choose to enroll more students at Accelerated than at Redwood. In a continued effort to increase Hispanic/Latino enrollment for the 2022-23 school year, RA will continue its targeted outreach efforts in the Spanish-speaking community, including doing an additional outreach booth at Dia de los Muertos event at Mendocino College. Redwood Academy hosted booths with information available in both English and Spanish at various community summer events including the the Kids Triathlon and the Redwood Empire Fair.

2. **Data to document improvement in racial/ethnic balance:** As evidenced in the charts following, most of the racial/ethnic populations stayed similar to previous years. However, in 2021-22, there was a slight increase in the percentage of Hispanic students from the previous year. In 2021-22, the number of students who chose not to report was 0%. (Appendix A)

Redwood Academy Enrollment	American Indian or Alaska Native	Asian	Native Hawaiian or Pacific Islander	Filipino	Hispanic or Latino	Black or African American	White	Two or More Races
2021-22	2%	5%	1%	1%	39%	1%	46%	6%
2020-21	1%	5%	1%	2%	38%	0%	46%	6%
2019-20	1%	6%	0%	1%	35%	0%	47%	8%
2018-19	1%	7%	1%	1%	29%	0%	57%	4%
2017-18	1%	7%	0%	2%	22%	<1%	58%	6%

Note: The percentages in the charts above and below reflect the data rounded to the nearest whole number.

### 3. Table summary of charter school ethnic balance compared to the district reported in percentages for the 2020-21 school year:

	American Indian or Alaska Native	Asian	Native Hawaiian or Pacific Islander	Filipino	Hispanic or Latino	Black or African American	White	Two or More Races
Redwood Academy	2%	5%	1%	1%	39%	1%	46%	6%
District	5%	1%	0%	1%	54%	1%	34%	4%

### H. Admissions Requirements

- 1. Admission requirements and any preferences used: The staff remains strongly committed to providing an educational opportunity consistent with the mission to every student-family who chose to enroll. All grade 7-12 students in the state of California are eligible to attend Redwood Academy. In conformity with the requirements of Education Code section 47605, subdivision (d)(2)(B), admission preference "shall be extended to pupils currently attending the charter school and pupils who reside in the district."
- 2. Admissions and enrollment process and timeline used, as well as procedures for public random drawings, if necessary: The annual registration process includes allowing continuing students who wish to return to notify the school of that intent in early February. After that, the enrollment process for all new students begins. Windows are established for enrollment purposes. For the 2021-22 school year, there were seven pre-school enrollment windows. The school closes classes to further enrollment at any point in which classes are determined to be full. The petitioners include information regarding enrollment procedures on the registration card and provide contact information through outreach activities such as advertisements, public service announcements, and community bulletin boards. If more

students choose to apply in any enrollment window than can be admitted, the following admission processes will be followed:

- In the event that the number of students who wish to attend the school exceeds the school's capacity, a lottery system with a Table of Random Numbers is used to publicly determine those selected to attend after accommodating continuing CAR students.
- In conformity with the requirements of Education Code section 47605, subdivision (d)(2)(B), admission preference "shall be extended to pupils currently attending the charter school and pupils who reside in the district."

Pre-pandemic, we provided seven sessions of a pre-school orientation meeting with students and their parents, which helped inform new families about expectations and requirements prior to the opening of the school year. This year, as with the previous year, all orientations were conducted individually in-person or online. All of the orientations were offered in English and Spanish as needed and all had both English and Spanish language handouts available to accompany the presentation as needed.

- 3. **Number of students enrolled in each grade:** In 2021-22, at the time of CBEDS, Redwood Academy had 16 students in 7<sup>th</sup> grade, 23 students in 8<sup>th</sup> grade, 17 students in 9<sup>th</sup> grade, 24 students in 10<sup>th</sup> grade, 22 students in 11<sup>th</sup> grade, and 25 students in 12<sup>th</sup> grade.
- 4. **Number of students on a waiting list for each grade:** Redwood Academy had no students on the waiting list during the 2021-22 school year.
- 5. **Number of students leaving the Charter School by grade level:** After CBEDS, over the remainder of 2021-22 school year, Redwood Academy saw the departure of one 7<sup>th</sup> grade student, two 8<sup>th</sup> grade students, four 10<sup>th</sup> grade students, two 11<sup>th</sup> grade students, and one 12<sup>th</sup> grade student. Of those who left, two transferred to Ukiah High, one to Pomolita, one to Bechtel Grove, one to Accelerated Achievement, one took the California High School Exit Exam, and four transferred out of the area.

### I. Financial Audit

- 1. **Procedure used to select and retain independent auditor:** The Charter Academy of the Redwoods Treasurer will cause an annual financial audit of the charter school to be conducted by an independent auditor approved by the Board of Directors. In 2021-22, The Board maintained its contract with the firm of Robertson, Cahill and Associates, CPAs, to conduct the annual independent corporate audit.
- 2. **Qualifications required of the independent auditor:** The independent auditor must employ Generally Accepted Accounting Principles (GAAP), be familiar with California charter school law, and be experienced with educational finance.
- 3. The manner in which the audit was conducted: Audits are conducted according to standards applicable to governmental agencies and the state's audit guide standards applicable to charter schools. Audit reports will be completed and available for review at the school and submitted to the charter-authorizing agency Board of Trustees by the auditor. All financial records have been kept on the system supported by Mendocino County Office of Education including use of the Standardized Account Code Structure with attendance records kept by the school staff. The

Academy has been able to use its own equipment to keep the financial records and used PowerSchool® for attendance records.

- 4. Scope and timing of the audit, as well as required distribution of completed audit: The audit visit for 2021-22 was conducted during the last week of June. The audit report is provided as soon as possible in keeping with the December 15<sup>th</sup> deadline to all mandated recipients including the Corporate Governing Board, the Governing Board of the charter-granting agency, Mendocino County Office of Education, and the state Controller's Office.
- 5. Process used for resolving audit exceptions and deficiencies to the satisfaction of the authorizing school district: The CAR Treasurer recognizes the need to ensure that any audit exceptions or deficiencies will be resolved as determined by state law and this charter and will ensure adherence to the charter-granting agency's expectations for timely compliance. Procedures and/or processes that caused the exceptions and/or deficiencies will be modified by CAR to meet the auditor's specifications and such modifications will be sent to the charter-authorizing agency's Board of Trustees within six months of the auditor's report. Charter Academy of the Redwoods did have one audit finding for the audit report approved by the Board of Directors in the 2021-22 school year. That finding addressed the unduplicated pupil count as certified in Calpads during the 20-21 school year, in which there was one student classified incorrectly. As a result, Redwood Academy's LCFF funding needed to be adjusted by an estimated \$584. To ensure there are no future misclassifications of students in Calpads, the school's CBO wrote a new procedure that requires more than one person to look over the student lunch program data in Powerschool prior to its certification in Calpads.

### J. Pupil Suspension and Expulsion

- 1. Summary of process used to suspend or expel a student: Redwood Academy maintained a multi-step discipline program. The disciplinary process generally begins with a student being sent "to the ramp" for a brief time-out and focus on the behavioral issue. Students receiving Level One were sent to the office for a time-out; Level Two added a conference with the staff. Students who committed a Level Three infraction were placed in an alternative learning environment for the remainder of the period and received additional consequences. Beyond that students could be suspended for a complete day, in which case they were placed on Behavior Probation and denied privileges for the required time. Infractions were logged in PowerSchool®. Students whose pattern of behavior necessitated further time away from school or who committed an individual serious infraction of the Discipline Code were considered for expulsion. In the event of a potential expulsion, a Hearing Panel is convened comprised of three staff members who rotated the responsibility with the principal present to provide continuity. The Panel is charged with providing due process, finding the truth of the situation, identifying the student's needs, and balancing that with the school and student body's needs, school policy, and applicable law. Parents are informed of the hearing in advance and encouraged to participate, which, in all cases in previous years, they have. The charter-granting agency is also informed of the outcome when the student was expelled. The staff provides information about expulsions to the UUSD Director of Alternative Education. No special education students were considered for expulsion, but in the case that a Special Education student does commit a serious infraction that warrants consideration for expulsion, a manifestation determination conducted by resource staff would take place to determine whether or not a Hearing Panel should be convened.
- 2. Number of suspensions: 5
- 3. Number of expulsions: 0

### K. Staff Retirement Systems

1. Certificated: CalSTRS

2. Classified: CalPERS

### L. Attendance Alternatives

1. Process used to inform students of their rights to attend other schools or pursue an inter-district transfer: Attendance at Redwood Academy is entirely voluntary on the part of the students who enroll. Students who opt not to attend the charter school may attend other schools in the district in which the charter school is located or may pursue an inter-district transfer in accordance with existing enrollment and transfer policies of their district or county of residence. RA also recognizes that the student has no right to admission in a particular school of any local education agency as a consequence of enrollment in the charter school, except to the extent that such a right is extended by the local education agency. Redwood Academy students and their families are informed of all this by way of the Student~Family Handbook.

### M. Description of Employee Rights

- 1. Employee benefits and compensation: Full-time employees of Charter Academy of the Redwoods receive medical/dental/vision benefits and retirement benefits. Part-time employees who work over 50% are eligible for medical benefits through a cost-sharing plan, though benefits may be waived. A full-time employee may earn 80 hours of Sick Leave per fiscal year and may accumulate the unused balance of sick leave. Part-time classified employees may earn 24 hours of sick leave per fiscal year, and part-time certificated or exempt employees earn sick leave on a pro-rated basis. In 2021-22, Corporate Management salaries ranged from \$64,867 to \$87,918. Classified Coordinator salaries ranged from \$45,667 to \$63,509. CAR also compensated other classified staff at hourly rates that ranged from \$18.44 to \$27.31. Certificated salaries ranged from \$45,754 to \$76,783, and part-time hourly certificated staff were compensated at an hourly rate that ranged from \$30.14 to \$34.95.
  - 2. **Employee rights, including tenure:** Charter Academy of the Redwoods is an at-will employer. CAR employees do not have any rights of return to UUSD.
  - **N. Dispute Resolution Process:** To resolve internal disputes, RA maintains a Uniform Complaint Procedure that is provided to the district each August. As outlined in the Charter Petition, external disputes between RA and UUSD shall be resolved pursuant to the dispute resolution language contained in the MOU.
  - 1. Number of dispute resolutions during the year:

Internal: 0

External: 0

- 2. Number of claims or lawsuits and any disposition of such claims or lawsuits: 0
- O. Labor Relations
- 1. Charter Academy of the Redwoods is the exclusive public school employer for Educational Employment Relations Act purposes.

### P. Closure of Charter School

1. **Outline of the process to be used if the charter school closes:** The Board of Directors has a procedure for closing the school outlined below. The procedure was adopted when the charter was renewed and it is not expected to be used. It provides for the allocation of all assets by the Board.

In the event RA closes, CAR will document and affect its closure by official action of the Board of Directors of Charter Academy of the Redwoods whose responsibility is to make such a decision at a publicly noticed meeting. The agenda item will include the reason for the school's closure, the anticipated date of the closure, and the name of the person responsible for closure-related activities. Notice shall be provided to the District at least three days in advance of a closure issue being presented to CAR's Board. RA will provide written notice to the charter-authorizing agency, the county office of education, the retirement systems in which the school's employees participate, the California Department of Education, and RA students and parents of the official action and the effective date of the school closure; notice will be provided within seven days of the Board's decision. This notice will also include the name(s) and contact information for the person(s) to whom reasonable inquiries may be made regarding the closure, the pupils' school districts of residence, and the manner in which parent/guardians may obtain copies of pupil records, including specific information on completed courses and credits that meet graduation requirements.

The Board will ensure that the notification to the parent/guardians and students of RA of the closure provides information to assist parents and students in locating suitable alternative educational programs. This notice will be provided promptly following the Board's decision to close the school. The Board will also develop a list of students in each grade level and the classes they have completed, together with information on the pupil's districts of residence, which they will provide to the entity responsible for closure-related activities.

The school will complete and file any annual reports required pursuant to Education Code section 47604.33

Given that a non-profit corporation operates the school, should the corporation dissolve with the closure of the school, the Board will follow the procedures set forth in the California Corporations Code for the dissolution of a non-profit public benefit corporation and file all necessary filings with the appropriate state and federal agencies.

RA will utilize the reserve fund to undertake any expenses associated with the closure procedures identified in this section.

2. Process to include a final audit of the charter school: The CAR Treasurer will prepare final RA financial records and will commission an independent audit by a qualified Certified Public Accountant paid for by RA to determine the disposition of all assets and liabilities of RA. The final audit will include an accounting of all financial assets, including cash and accounts receivable and an inventory of property, equipment, and other items of material value, an accounting of the liabilities, including accounts payable and any reduction in apportionments as a result of audit findings or other investigations, loans, and unpaid staff compensation, and an assessment of the disposition of any restricted funds received by or due to RA. The results of the audit will be forwarded to the charter-authorizing agency upon completion.

3. Specific plans for disposition of all net assets and liabilities, as well as for the maintenance and transfer of pupil records: In the event of the school's closure, all assets of the school, including but not limited to all leaseholds, personal property, intellectual property, and all accrued ADA apportionments and other revenue generated by students attending RA will remain the sole property of CAR subject to all audited and verifiable claims documented in the final audit as provided herein. In the event that the charter school is dissolved, all such property will be distributed as CAR will determine in accordance with state statutes governing nonprofit public benefit entities and with priority that such assets be distributed first to other CAR schools and then to other public schools as determined by the Board as potential beneficiaries of public assets including the potential for residual assets of the school to accrue to the benefit of UUSD. In the case of the dissolution of CAR, any funds remaining after completion of a final audit will be dispersed by the final action of the CAR board to legally eligible public agencies. Any assets acquired from the district or district property will be promptly returned upon school closure to the district. The distribution shall include return of any grant funds and restricted categorical funds to their source in accordance with the terms of the grant or state and federal law, as appropriate, which may include submission of final expenditure reports for entitlement grants and the filing of any required Final Expenditure Reports and Final Performance Reports, as well as the return of any donated materials and property in accordance with any conditions established when the donation of such materials or property was accepted.

In the event of the school's closure, the school shall remain solely responsible for all liabilities arising from the operation of the school.

As applicable and consistent with statute, RA will provide parents, students, and/or the charter-authorizing agency or subsequently selected school(s) with all appropriate student records and will otherwise assist students in transferring to their next school(s). All transfers of student records will be made in compliance with the Family Educational Rights and Privacy Act (FERPA) 20 U.S.C.§1232g. The school will ask the district to store original records of RA students. If the district will not or cannot store the records, the school will work with the county office of education to determine a suitable alternative location for storage. All state assessment results, special education records, and personnel records will be transferred to and maintained by the entity responsible for closure-related activities in accordance with applicable law.

- 506 Health and Safety rev. 1/26/16, 1/24/17, 10/17/17, 10/16/18, 5/5/20
  506.1 Charter Academy of the Redwoods implements a comprehensive set of health, safety, and risk management policies. An onsite designee shall oversee proper reporting procedures for all safety issues, injuries or other health and safety related occurrences in a manner consistent with the Family Education Rights and Privacy Act (FERPA). Information about health and safety matters will be provided to each employee upon hire.
  - 1. Procedures for Background Checks: In keeping with BP 401.15, CAR will comply with the provisions of Education Code Section 44237 and 45125.1 regarding the fingerprinting and background clearance of employees, contractors and volunteers prior to employment, volunteering, or contract services, or any unsupervised contact with pupils of Charter Academy of the Redwoods. Each employee of the school will be fingerprinted and furnish the school with a criminal record summary; each volunteer in the classroom and each volunteer who accompanies students on overnight field trips, or field trips more than 150 miles from the school, will be fingerprinted and furnish CAR with a criminal record summary. The administrator or designee shall monitor compliance with this policy and report any exceptions to the President and UUSD.
  - 2. Role of Staff as Mandated Child Abuse Reporters: All classified and certificated staff will be mandated child abuse reporters and will follow all applicable reporting laws, following the same policies and procedures used by the UUSD.
  - 3. Tuberculosis Testing: CAR will follow the requirement of Education Code Section 49406 in requiring evidence of current tuberculosis clearance for all employees prior to beginning employment. The administrator or designee shall monitor compliance with this policy and report any exceptions to the President and UUSD.
  - 4. Immunizations: CAR will adhere to all legally required immunization laws or entering students pursuant to Health and Safety Code Section 120325-120375 and Title 17, California Code of Regulations Section 6000-6075. CAR requires all enrolling students to provide documentation of immunization in accord with the law, including immunizations for polio, diphtheria, tetanus, pertussis, measles, mumps, rubella, hepatitis B, and varicella, as described in the Department of Health Services Document IMM-231. The immunization policy honors permanent medical exemptions for all students and personal belief exemptions filed before January 1, 2016 for all students except for those entering grade seven. Records of student immunizations are maintained in a separate health file for each student.
  - 5. Medication in School: CAR will adhere to the provisions of Education Code Section 49423 regarding the administration of medication in school. Any student requiring the administration of medication in school has on file written statements from both the child's health care provider and from the parent/guardian regarding the details of the medication. These statements are renewed annually. The unlicensed personnel who administer these medications are trained in the safe administration of the medication and to be alert for any adverse reactions. All such medications are kept securely locked up. Students who have written statements on file from both their health care provider and their parent/guardian to carry and self-administer an asthma inhaler or EpiPen may administer their own medications as needed. A signed statement is kept on file releasing school personnel and the school district of any civil liability in case of an adverse reaction. In addition, a signed release is kept on file giving the designated personnel liberty to consult with the

child's health care provider regarding the administration of said medication in school.

- 6. EpiPens: CAR will have on hand epinephrine auto injectors, also known as EpiPens, for the event of an unexpected life-threatening anaphylactic episode. One EpiPen and one EpiPen Jr. will be kept in each of the offices at 1031 and 1059 N. State St. One EpiPen and one EpiPen Jr to be kept in each of the Flower, Home Arts and Junior Buildings. The EpiPens will be prescribed by a physician and will be replaced when they expire. Designated faculty and staff will be trained in recognition of anaphylaxis, CPR, and in the safe administration of the EpiPen. EpiPen trainings will be repeated every year under the supervision of a Nurse. Emergency forms will include a section to sign giving the school permission to administer epinephrine in case of a life-threatening anaphylactic event. A report will be filled out after every incident and delivered to the prescribing physician and placed in the student's health chart.
- 7. Health Care Screenings: CAR will adhere to the provisions of Education Code Sections 49450-49456 with regard to physical exams of students in school. Employees may participate in the screenings upon request to their supervisor.
  - a. Vision—Qualified personnel screens all students in mandated grades annually for visual acuity, gross eye anomalies, visual performance and perception; and screens all male students for color vision. Referrals are made for students who do not pass the vision screening.
  - b. Hearing—All students in grades 5 and 8 are screened annually for hearing acuity. Referrals are made for those students who fail the initial screen or who are absent on the day of screening.
  - c. Scoliosis— Qualified personnel screens all 7th grade female students and all 8th grade male students annually for scoliosis; students who have waivers on file are not screened. Referrals are made for those students who register olog curvature on the scoliometer.
  - d. Physical examination—CAR adheres to the provisions of Health and Safety Codes 324.2, 325.5.
- 8. Emergency Preparedness--The School Safety Site Plan is maintained to comply with FEMA and OSHA recommendations, and will be submitted landholders as appropriate. These policies are maintained in consultation with the school's insurance carriers and at a minimum include:
  - a. Response to natural disasters and emergencies including fire, flood, earthquake, dirty bombs and toxic spills, siege, explosions, airplane disasters, and serious personal injuries
  - b. Training of personnel in first aid and emergency response and exposure/ handling of hazardous materials
  - c. Insuring the safety and limiting the liability for students, staff and volunteers for off campus events, and for persons coming to or leaving campus
  - d. Insuring safety and limiting liability for volunteers working on campus.

CAR shall adhere to an Emergency Preparedness Guideline drafted specifically to meet the needs of the school site. These policies are incorporated as appropriate into the school's student and staff handbooks and

will be reviewed on an ongoing basis in the school's staff development efforts. Any additional health and safety policies and procedures along with any revisions of existing policies and procedures shall be submitted annually to the District as part of the annual programmatic audit of the charter school.

- 9. Blood Bourne Pathogens: CAR meets state and federal standards for dealing with blood borne pathogens and other potentially infectious materials on campus. A written "Exposure Control Plan" is in place, designed to protect employees from possible infection due to contact with blood borne viruses, including human immunodeficiency virus (HIV) and hepatitis B virus (HBV). Faculty and staff must review and sign the policy annually. Whenever exposed to blood or other body fluids through injury or accident, students and staff should follow the latest medical protocol for disinfecting procedures.
- 10. Drug Free/Smoke Free Environment: In keeping with BP 401.10, CAR maintains a drug and alcohol and smoke free environment and adhere to the Code of Federal Regulations, Title 49, Parts 40 and 382
- 11. Bullying and Harassment Policies and Procedures: In keeping with BP 401.01 and 401.02 CAR is committed to providing a school that is free from sexual harassment, as well as any bullying and harassment based upon factors such as the person's actual or perceived characteristics of race or ethnicity, color, ancestry, nationality, national origin, immigration status, ethnic group identification, age, religion, marital status, pregnancy, parental status, physical or mental disability, sex, sexual orientation, gender, gender identity, gender expression, or genetic information, or any other characteristic identified by state or federal law, or based on his/her association with a person or group with one or more of these actual or perceived characteristics. Misconduct of this nature is very serious and will be subject to disciplinary measures. Concerns about bullying, discrimination, or harassment will be addressed through the uniform complaint procedure adopted by CAR.
- 12. Field Trip Water Safety Policies: CAR does not permit field trips which include swimming, wading, and general exposure of students to bodies of water without prior approval of the CAR Board of Directors.
- 13. Suicide Prevention: CAR recognizes that suicide is a major cause of death among youth and should be taken seriously. In order to attempt to reduce suicidal behavior and its impact on students and families, the Principal or designee shall develop strategies for prevention, intervention, and postvention. The Principal or designee may involve health professionals, other school staff, parents/guardians, students, local health agencies, and community organizations in planning, implementing, and evaluating CAR's strategies for suicide prevention, intervention, and postvention. As appropriate, these strategies shall specifically address the needs of students who are at high risk of suicide, including, but not limited to, students bereaved by suicide; students with disabilities, with mental health issues, or substance use disorders; students experiencing homelessness or who are in foster care; lesbian, gay, bisexual, transgender, or questioning youth. This policy shall be reviewed by the Board and updated as necessary annually.

Suicide prevention strategies may include, but not be limited to:

- 1. Staff training on suicide awareness and prevention for teachers and other school employees who interact with students. The training shall include:
  - a. Information on the higher risk of suicide among certain groups, including, but not limited to, students bereaved by suicide; students with disabilities, mental health issues, or substance use disorders; students experiencing homelessness or who are in foster care; lesbian, gay, bisexual, transgender, or questioning youth;
  - b. Individual risk factors such as previous suicide attempt(s) or self-harm, history of depression or mental health issues, family history of suicide or violence, feelings of isolation, interpersonal conflicts, a recent severe stressor or loss, family instability, impulsivity, and other factors;
  - Warning signs that may indicate depression, emotional distress, or suicidal intentions, such as changes in students' personality or behavior and verbalizations of hopelessness or suicidal intent;
  - d. Community resources and services;
  - e. Appropriate ways to interact with a student who is demonstrating emotional distress or is suicidal and procedures for intervening when a student attempts, threatens, or discloses the desire to die by suicide, including, but not limited to, appropriate protocols for monitoring the student while the immediate referral of the student to medical or mental health services is being processed.
- 2. Efforts to promote a positive school climate that enhances students' feelings of connectedness with the school and is characterized by a caring staff and harmonious relationships among students.
- 3. Student identification cards shall include the National Suicide Prevention Lifeline telephone number, the National Domestic Violence Hotline number, and may also include the Crisis Text Line or other local crisis numbers.

Suicide intervention strategies may include, but not be limited to:

- 1. Students shall be encouraged to notify a teacher, principal, or other adult when they are experiencing thoughts of suicide or when they suspect or have knowledge of another student's suicidal intentions.
- 2. Whenever a staff member suspects or has knowledge of a student's suicidal intentions, he/she shall promptly notify the Principal or designee. Every statement regarding suicidal intent shall be taken seriously. The Principal or designee shall then notify the student's parent/guardians if there is reasonable cause to believe that it is necessary to avert a clear and present danger to the health, safety, or welfare of the student or others as soon as possible and may refer the student to mental health resources in the community. School employees shall only act within the authorization and scope of their credential or license. An employee is not authorized to diagnose or treat mental health issues unless they are specifically licensed and employed to do so.
- 3. The principal or designee shall document any suicide attempt or threat in writing, including the steps the school took in response.

Suicide postvention strategies may include, but not be limited to:

1. In the event that a student dies by suicide the Principal or designee shall communicate with the student's parents/guardians to offer condolences and assistance. In accordance with confidentiality of student record information, the

Principal or designee shall consult with the parents/guardians regarding facts that may be divulged to other students, parents/guardians, and staff.

- 2. The Principal or designee shall implement procedures to address students' and staff's grief and to minimize the risk of imitative suicide or suicide contagion. The Principal or designee shall provide students, parents/guardians, and staff with information, counseling, and/or referrals to community agencies as needed. School staff may receive assistance from mental health professionals in determining how best to discuss the suicide or attempted suicide with students.
- 3. The school's response to media shall be handled by the Principal or designee and focus on the postvention plan and available resources.
- 4. After any suicide or attempted suicide by a student, the Principal or designee shall provide an opportunity for all staff who responded to the incident to debrief, evaluate the effectiveness of the strategies used, and make recommendations for future actions.

### Local Indicators

#### STRUMBRAGE MET

### Implementation of Academic Standards

This measure covers the implementation of state academic standards.

Local educational agencies (LEAs) annually measure their progress in implementing state academic standards and report the results to its local governing board at a regularly scheduled meeting and reports to stakeholders and the public through the Dashboard.

The summary of progress is required to be based on information collected with locally selected measures or tools and includes a description of why the district chose the selected measure or tool.

### Access to a Broad Course of Study

This measure explores whether students have access to, and are enrolled in, a broad course of study including the programs and services developed and provided to unduplicated students and individuals with exceptional needs.

LEAs report progress in the extent to which students have access to, and are enrolled in, a broad course of study that includes the adopted courses of study specified in the California Education Code for Grades 1-6 and 7-12, as applicable, including the programs and services developed and provided to unduplicated students and individuals with exceptional needs to their local governing boards at a regularly scheduled meeting and reports to stakeholders and the public through the Dashboard.

The summary of progress is required to be based on information collected through locally selected tools and measures that identifies differences across school sites and student groups, barriers preventing student access, and any revisions to ensure access for all students.

1. The locally selected measures or tools used to track the extent to which all students have access to, and are enrolled in, a broad course of study, based on grade spans, unduplicated student groups, and individuals with exceptional needs served.

We use Powerschool to track all student course enrollments and progress. By design, all students at Redwood Academy are enrolled in a broad course of study to meet the University of California's a-g requirements. By way of Powerschool, we track the percentage of all students who successfully complete this course of study.

2. A summary of the differences across school sites and student groups having access to, and are enrolled in, a broad course of study, and may include a description of progress over time in the extent to which all students have access to, and are enrolled in, a broad course of study.

We are a small charter school with only one school site. As a result, there are no differences across school sites. Last year, 100% of seniors completed the UC a-g requirements. This is greater than the 84% of students the year prior. Over the last three years, Redwood Academy has increased its course options for juniors and seniors by way of its College Program whereby students can take concurrent enrollment courses at Mendocino College in addition to their classes at Redwood Academy. This program still allows students to meet the broad course of study dictated by the UC a-g requirements with greater variety in course options.

3. Identification of any barriers preventing access to a broad course of study for all students.

The greatest barrier to access is the school's small size wherehy students who transfer in from other schools may not be able to get the

equivalent or subsequent coursework most appropriate in the grade at which they are enrolling.

4. Revisions, decisions, or new actions that will be implemented, or has been implemented, to ensure access to a broad course of study for all students.

We will continue to monitor students' course enrollments and academic progress closely to ensure that students can successfully access all a-g requirements as well as benefit from a variety of local college courses to supplement their studies at Redwood Academy.

### Basics: Teachers, Instructional Materials, Facilities

This measure addresses the percentage of appropriately assigned teachers; students' access to curriculum-aligned instructional materials; and safe, clean and functional school facilities.

As applicable, 100% of all school sites promptly address any complaints or other deficiencies identified throughout the academic year and provide information annually on progress meeting this standard to the local governing boardat a regularly scheduled meeting and reports to stakeholders and the public through the Dashboard.

#### STRANDARD MED

### Parent and Family Engagement

This measure addresses receiving parent input in decision-making and promoting parental participation in education programs for students.

LEAs report progress of how they have sought input from parents in decision making and promoted parent participation in programs to their local governing boards at a regularly scheduled meeting and reports to stakeholders and the public through the Dashboard.

The summary of progress is required to be based on either information collected through surveys of parents/guardians or other local measures, and includes a description of why the district chose the selected measures, including whether progress on the selected measure is related to goals it has established for other Local Control Funding Formula (LCFF) priorities in its Local Control and Accountability Plan (LCAP).

#### Local Survey of Parents/Guardians

According to the 2017-18 parent survey, 90% of parents feel they can talk to school staff about their needs and concerns, 100% feel that the school is a safe place, 100% are satisfied with how the school is managed, and 90% feel their child is successful and adequately preparing for college. Anecdotal data suggests that while staff is always friendly and available, parents would like more formal opportunities to interact with staff and would like to avoid the lines they waited in during the one open house night. One parent mentioned the need to increase parent attendance at the parent advisory meetings. A handful of parents also expressed the desire to see a heavier emphasis on the arts education, career education, and acquiring knowledge for knowledge sake. This survey data is related to Redwood Academy's LCAP goal to increase students' feelings of college readiness and personal success in addition to providing parent observations about school safety and climate.

#### TEM GRACINALS

### **Local Climate Survey**

This measure addresses information regarding the school environment based on a local climate survey administered every other year on the topics of school safety and connectedness.

LEAs report how they administered a local climate survey (at least every other year) that provides a valid measure of perceptions of school safety and connectedness to their local governing boards at a regularly scheduled meeting and reports to stakeholders and the public through the Dashboard.

The summary of progress is required to be based on information collected that captures a valid measure of student perceptions of school safety and connectedness in at least one grade within the grade span.

### **Local Climate Survey Summary**

A survey is administered to students each spring. Quantitative questions parallel those on the parent survey. The survey fulfills the purpose of determining which school activities were seen by the students as needing improvement as well as determining how safe and comfortable students feel at school. Last year, student responses to survey questions varied. In response to the question about whether or not students felt safe at school, 91 percent of students responded that, yes, they felt safe and 9 percent answered with no. Additionally, 74 percent of student felt they could talk to staff about their needs, while 26 percent did not feel comfortable talking to staff about their needs. Within that 26 percent, many students noted that they did not feel comfortable opening up about their personal lives to teachers in general. Last year, in order to help get some baseline data for the school's LCAP goal regarding students viewing integrity, compassion, and effort as important measures of success, students answered yes or no to a question about whether or not they thought kindness and honesty were encouraged at school. 82 percent of students answered that, yes, they felt kindness and honesty were encouraged, while 18 percent answered no. The majority of students showed a positive attitude toward the school. Anecdotal information was also elicited to identify information about the student's relationship to staff and peers. As in years past, many of the students indicated that they thought the school on their surveys included "safe haven," "stressful," "beneficial," "okay," "confusing," "superior," "weird," "authoritarian," "neat," "boring," "amazing," "hard working," "awesome," "great," "mild frustration," "supportive," and "challenging." There was one report of bullying on the student surveys.

This survey is an important metric for Redwood Academy's LCAP goal to creating a school climate that recognizes integrity, compassion, and effort in addition to providing direct observations about school safety and climate.

# Accelerated Achievement Academy Charter School Annual Report for the School Year 2020-2021

Charter School Mission: Accelerated Achievement Academy's mission is to prepare students for a successful future in a safe, challenging, well-managed charter school.

#### A. Educational Program

### 1. Target School Population Served

Age range: 8-19Grade Levels: 4-12

• Number of Students: 142

Description of students served: AAA is designed for students in grades 4-12 who
have struggled in school for one reason or another, and are in need of additional
support or are interested in pursuing jobs associated with Career Technical
education. These students represent a wide-range of ability levels and varying
degrees of motivation; however, most students have the desire to do well, but lack
the skills or work ethic to do so without additional support or intervention.

#### 2. Attendance

- **Number of school days:** 175 days of in-person learning some students returned to distance learning.
- **Instructional minutes by grade spans:** 57,055 minutes for grades 4 6, 63,250 minutes for grade 7, and 66,300 for grades 8 12.
- Attendance requirements: Students are required to attend school daily if attending in-person or attend live interaction daily.
- Attendance expectations: Students are expected to attend school every day for
  the entire day unless a special circumstance such as illness, unavoidable dental or
  medical needs, or a family emergency occurs. If a student is going to be late,
  parents are expected to notify us by 8:30 a.m. If a student is unable to attend,
  parents are expected to notify the office no later than 8:45 a.m. on the day involved.
  Independent study is an option for short-term absences such as those due to
  medical reasons or a family emergency. Unexcused tardies and absences may be
  subject to disciplinary action. Any student who is absent without a valid excuse for
  three or more days is considered truant.

During distance learning students' participation in both live interaction and work completion were tracked and reported. Students who did not adequately participate in distance learning were subjected to our reengagement plans culminating in truancy letters if the student did not improve.

Number of truant students: 33

### 3. What it means to be an educated person in the 21st Century

• List of academic skills and abilities: The staff remains committed to the belief that an educated person has general academic skills and qualities including: the ability to use language to express individuality with precision and pride; drawing from the disciplines of mathematics and science to be a rational thinker; and has a sense of self from a cultural and historical context.

List of non-academic skills and abilities: The educated person also has non-academic skills and qualities including: participates in the arts as a performer and critic; makes healthy choices for personal fitness from among competing demands; uses technology and artistic tools for personal expression; and has skills and attitudes in an area of personal interest and the motivation and tools to continue to learn.

### 4. Description of how learning best occurs

- Summary of curriculum taught and how it was aligned to state standards: In keeping with Accelerated Achievement Academy's mission to prepare students for a successful future, the academic curriculum design is based on the California State Board of Education-adopted standards. The non-academic curriculum design, taught in classes such as Life Skills, College/Career Seminar, and Child Development is also driven by the school's mission to prepare students for a successful future, by focusing on life after high school.
- Instructional approaches and strategies used: The staff continues to use
  integrated curriculum as an instructional approach. In all academic classes, the
  majority of instructional time includes large and small group direct instruction
  planned and conducted by certificated staff. All strategies presented in the plan for
  low achieving, high achieving, and English learners students are incorporated into
  the regular school day. Staff draws from current research to select and design
  promising practices.
- Learning setting: Classroom-based, however last year a small portion of our students participated solely in distance learning.
- Support provided for students who are academically low achieving: Accelerated Achievement Academy's primary population consists of students who struggle academically. The staff provides scaffolding for introduction to new curriculum. The school maintains smaller class sizes and employees support staff to provide extra one-on-one tutoring for struggling students. The school also provides a lunch tutorial for students falling behind. Additionally, the school provides after school tutorial four times a week for students in need of extra help or time. Each teacher provides an after school help hour for students to receive extra help from their specific teachers. Twice a year the staff offers Bonus Days where students can use the time to complete work or receive additional help. The school continues to support parent empowerment to help their struggling students by its use of an online student information system called PowerSchool® and maintaining procedural agreements regarding posting scores within two days for daily work and five days for major assignments. This program enables each student, parent, and staff person to access the student's grade status and attendance from any device with web access. As a result, struggling students are quickly identified and targeted for extra support in the form of tutoring and academic counseling by the school's Academic Services Coordinator. Additionally, struggling students are provided a supplemental summer session in which they can work on skill-building and credit recovery.

On average about 10 students took advantage of after school tutorial each semester. We had more students than normal participate in summer school with approximately 58 students attend on campus summer school.

- Support provided for students who are academically high achieving: At AAA, high achieving students are: encouraged to participate in extra credit and challenge activities designed to extend learning, enroll in courses at Mendocino College, and choose the early graduation path. Given the challenges of distance learning, students did not participate in college classes.
- Instructional strategies used for special education students: In 2021-2022, Accelerated Achievement Academy had a cumulative enrollment of 24 students enrolled in special education throughout the year. AAA insures compliance with all phases of special education including: referral, assessment and identification, and services to insure that federal IDEA mandates are followed. AAA provides a program that is designed to meet the student's unique educational needs, provides reasonable educational benefit, is in conformity with the student's IEP, and is the least restrictive environment. Strategies for academically low achieving students such as tutoring and extended day/year instruction described above will be included in this program of services. AAA had an agreement with the charter-authorizing agency's special education personnel to clearly delineate the charter school's roles and responsibilities for the operation of special education programs and establish the charter-authorizing agency as the LEA for special education purposes. AAA staff worked with the charter-authorizing agency staff to ensure the coordination of all phases of the IEP process (i.e., meeting notices, IEP development; implementation, and monitoring) for all students referred and/or identified for special education; and worked with agency staff to monitor IEPs for compliance as required to meet state mandates. AAA staff works with all families to identify the needs of exceptional students attending AAA. Using parent disclosure and review of the cumulative file by AAA staff, information about incoming previously identified students with IEPs will be forwarded to the agency's special education staff so that an educational plan may be implemented at AAA. AAA utilizes present levels of performance and IEP team goals as tools to apply the term "accelerated learning" individually to special education students. The strategies that AAA utilizes to serve a special education student includes but is not limited to the following: implementation of accommodations established by the IEP Team, skill-specific tutoring (provided by a resource specialist or through the general education providers as specified in the IEP), parent consultation and provision of resources for home use, increased use of on-line and other technological resources, and increased use of manipulatives. Finally, in keeping with IDEA's "child find" provision, students whose needs emerge after enrollment at AAA are referred to a Student Study Team (SST) for monitoring, accommodation, and follow-up. It is the goal of the SST to use general education modifications and accommodations. All parent requests for special education testing or placement will be forwarded to the special education staff as well as the information recorded by the SST regarding regular education efforts to address the student's needs.

Of the 24 Special Education students, 14 are still students at AAA in 2022-2023. Of the 14 students, 12 met all or some of their goals, 1 did not meet their goals and 1 student was in the initial year so the goals will be assessed at the first annual meeting. No students were exited from Special Education.

Beginning in the 2022-2023 school year, the charter-authorizing agency will remain the LEA for special education services, but will not provide the services. Instead, the

- charter-authorizing agency will pass through special education funds to the charter school who will be responsible for providing the required special education services.
- Instructional strategies used for English learners: Accelerated Achievement Academy did administer the ELPAC to EL students in the Spring of 2022. At the time of CBEDs, AAA had 26 EL students, 2 IFEP students, and 16 RFEP students. AAA staff addressed the needs of EL students through a variety of strategies including: full immersion in large group direct academic instruction; ELD instruction in both the English class as well as in a small group pull-out program; SDAIE techniques are used, such as running dictation, reciprocal teaching, graphic organizers, and jigsaw teaching; after school tutoring with the teacher and/or aides; and summer session with a certificated teacher and highly qualified paraprofessionals.

# 5. Additional Requirements for Charter Schools Serving High School Students

- How parents were informed about the transferability of courses to other public high schools: Parents are informed about the transferability of courses at the mandatory orientation prior enrolling as well as by way of Accelerated Achievement Academy's Student-Family Handbook. They are informed that Accelerated Achievement Academy is accredited by the Western Association of Schools and Colleges, and, as such, all credits are transferable.
- How parents were informed about the eligibility of courses to meet college entrance requirements: All parents and students are notified that Accelerated Achievement Academy courses do not meet the a-g requirements for college admission at the mandatory orientation they attend prior to enrolling.

# B. <u>Measurable Student Outcomes - "Exit Outcomes" or "Graduation Standards"</u> (including Academic Performance Index and Adequately Yearly Progress school data)

Students at *Accelerated Achievement Academy* may earn a General Diploma by completing course requirements. Parents and students are expected to track their progress and be aware of any missing credits well in advance of 12<sup>th</sup> grade. The specific diploma requirements are as follows:

### General Diploma Requirements

English 40 credits

Math 20 credits (Algebra required)

Science 20 credits

Social Studies 30 credits (must include world and US history, gov't/econ)

Independent Living 20 credits

Electives 90 credits

Total 220 credits

Based on an analysis of last year's achievement, the following school-wide goals guide the planning process. However, the data was impacted by distance learning and does not reflect normal performance on goals.

<u>Goal</u>	<u> 2021-2022 Goal</u>	2021-2022 Actual	<u>2022-2023</u>

College/CareerNA	NA*	65%	23,0
English Learner Prog	NA	NA*	65%

<sup>\*</sup>Percent as listed on the Dashboard. The most recent data posted on the Dashboard is 2019. \*\*Based on CALPADs data

Description of progress towards measurable student goals: In 2021-2022, Accelerated Achievement Academy did not meet some of its goals due in large part to the impact of COVID-19. All data is based on CALPADs data since the dashboard is not posted for 2021-2022. The school did not show better attendance than the previous year. This is in part attributed to COVID-19 absences. The school's unconditional promotion rate is lower than normal, 55%, due to the increased number of students who were unsuccessful on distance learning or chronically absent due to COVID-19. No students were retained. The College/Career EL progress indicators have not been posted to the dashboard.

# C. <u>The Method by Which Pupil Progress in Meeting the Pupil Outcomes Was Measured (including performance level data for the CAASPP, CELDT, and the Physical Fitness Test)</u>

<sup>\*\*</sup> DEV means Developing. CR means Credit.

**Description of how data was collected, analyzed and used to improve charter school program:** Data was collected by way of the CAASPP and PowerSchool®. Teachers analyzed the data by looking at state test results in conjunction with student performance in their classes as well as STAR Reading and STAR math tests. Most teachers found that students performed as expected on the tests given distance learning.

Overall, Accelerated Achievement Academy students showed overall individual growth over their last available scores in 2021. 83% of students showed growth in ELA and 71% showed growth in math. However, it was clear that distance learning had a negative impact on their progress overall. The school continued the implementation of the Professional Learning Communities (PLC) aimed at continuous instructional improvement with CCSS that will result in increased student proficiency in ELA, mathematics, and NGSS.

# D. <u>Governance Structure of School Including</u>, <u>But Not Limited to</u>, <u>Parental Involvement</u>

 Role parents had in the governance and operation of the school (include data to document parental involvement): Parent participation in the governance and operation of the school takes two primary forms: participating informally by way of parent surveys, Showcase, Parent Advisory Meetings, and volunteering to chaperone school trips and participating formally by serving on AAA's School Site Council or CAR's Board of Directors. Parent Advisory Meetings were not attended by any AAA parents and there were no school events for parents to attend. The School Site Council included two parent members and our Board of Directors included three parents of current or former AAA students. The other board members have children at Redwood Academy. AAA had a much lower survey participation rate this year with only 15 responses. The surveys were distributed via email and text in the spring and utilized a Google form.

- 2. Description of the governance structure and how often each entity met: The Corporation, Charter Academy of the Redwoods, is a 501(3)(c) non-profit public benefit corporation and maintains adopted Corporate By-Laws filed with the Secretary of State in 1999. The By-Laws clearly define the role of Directors and Officers and distinguish between them and employee managers. The five-member Board of Directors fulfills the legally mandated duties for the Corporation and provides overall policy setting for both Redwood Academy and Accelerated Achievement Academy. At the annual organizational meeting, the Board elected Jay Joseph, who has one Redwood Academy student (formerly an SCA student) and one Redwood Academy graduate, as chairperson. Director Anne Ford, who has two Redwood Academy students, was elected to serve as the corporation's clerk. The Board held twelve meetings. All meetings were conducted according to the Brown Act with allowances provided in the Governor's executive order. The minutes are maintained in the corporate binder; agendas were posted at all Charter Academy school sites and on the Charter Academy webpage. UUSD Director of Alternative Education, Scott Paulin, also received agendas prior to the meeting and minutes following each meeting. Agendas and minutes are posted on the corporate web page. The School Site Council, an entity that governs at the school site level, includes parent members and met three times, once in October 2021, once in December 2021, and once in February 2022. In total, the elected Council is comprised of the school's Principal, two certificated staff members, one classified staff member, two parent members, and two student members. All School Site Council meetings focused on the school improvement cycle, which included looking at AAA's assessment data and revising and approving the Title I Parent Involvement Policy and the SPSA. It also reviews and provides feedback on the WASC action plan, the LCAP and Federal Addendum and any other plans required of the school. In addition, Accelerated Achievement Academy operates in keeping with a Memorandum of Understanding that is current and comprehensive. Staff maintained a document to monitor deadlines and adhere to each provision of the MOU. It is also integral to promoting communication with the district personnel in charge of oversight and the evaluation of the educational program in keeping with the matrix.
- 3. Report on annual board training: Two hours of board training were conducted during the 2021-2022 school year. . The first half hour of training presented in October by Co-Executive Director, Elna Gordon, was on the Brown Act and on AB 361; the next hour in January was a review of topics related to LCAP, LCFF, CAASPP, WASC, federal fund planning, fiscal cycle, budget process, and board duties/policies. Another half hour of training presented in June by the Corporate Officers, Elna Gordon, Selah Sawyer, and Jim Switzer, focused on the Local Indicators and the LCAP as well as provided the board updated information on the various restricted revenue streams.

## 4. Summary of major decisions/policies established by the charter school board during the year: Key decisions and policies made during 2020-21 include--

board during the year: Key decisions and policies made	during 2020-21 include

5. Summary data from the annual student/parent satisfaction survey: The parent satisfaction survey was administered to parents in April in both English and Spanish. There was a increase in the number of parents who responded. Of the 51 responses representing more than 51 students due to siblings, the survey showed a generally higher level of satisfaction with the educational program and feelings of safety for their child while at school. Despite a difficult year of distance learning, parents were very satisfied with the program provided, the support given and the measure taken to keep students safe.

Do you feel your child was successful at school this year?	Yes 1 93.3%	No 6.7%	
Do you feel help is available to your child so they may be successful at school?	Yes I 100%	lo 0%	
Does your child seem happy at Accelerated?	Yes 1 85.7%	lo 14.3%	)
Do you feel that you can talk to staff at Accelerated about your child's needs?	Yes 1 86.7%	lo 13.3%	)
Does your child feel that they can talk to staff if they have a concern or question?	Yes 1 80%	lo 20%	
As much as possible, do you feel that while at school your child is safe?	Yes N 92.9%	o 7.1%	
Have you used PowerSchool to monitor your child's grades and work completion?	Yes 46.7%	No 53.3%	
Would you recommend A+ to another family?	Yes 100%	No 0%	

### E. Qualifications to be Met by Individuals to be Employed by The School

1. Key staff positions and qualifications required: The school office was staffed by a principal, office manager, and academic services coordinator, with support from the chief fiscal officer, coordinator of technology, and clerks. Credentialed staff provides all core and some support classes. An instructional assistant supports study time classes. Teachers and principal are credentialed and hired based on a published flier and application that emphasizes appreciation of adolescents, expertise in subject matter, and pioneering spirit. All teachers assigned to teach core subject matter areas hold teaching credentials issued by the California Commission on Teacher Credentialing. The school employs teachers with subject matter authorization in every subject taught. The school did not hire any certificated staff during the 2021-2022 school year. Instructional Assistants and other classified staff are also hired based on an application process. Those classified staff serving in a position that provides instructional support must also meet NCLB requirements that require a minimum of two-years of post-secondary education or the successful completion of a local academic assessment.

- 2. **Number of certificated and classified staff members:** In 2021-2022, Accelerated Achievement Academy employed 13 classified staff members and 17 certificated staff members. Eleven of the classified staff members and 11 of the certificated staff members had assigned duties at Redwood Academy as well.
- 3. Process used to monitor credential expiration dates: The district is notified whenever personnel are hired or leave during the school year by way of a monthly employment report that tracks all changes in employment as well as credential and tuberculosis test expiration dates. This monthly report is monitored by the principal to ensure that teaching credentials are kept current.

### F. Health and Safety Procedures

- 1. **Process used to attain criminal record summary for new employees:** Every new employee is fingerprinted with the school as the receiver of the criminal record summaries. In 2021-2022, no new employee had a disqualifying event.
- 2. Process used to monitor employee TB clearance and expiration dates: TB clearance and expiration dates are monitored by the chief fiscal officer by way of an excel spreadsheet. In addition, the district is notified whenever personnel are hired or leave during the school year by way of a monthly employment report that tracks all changes in employment as well as credential and tuberculosis test expiration dates. This monthly report is monitored by the principal who works in conjunction with the chief financial officer to ensure that TB tests are kept current.

### Description of health and safety procedures followed:

- a. Seismic safety: The School Safety Site Plan is maintained by Charter Academy of the Redwood's chief fiscal officer to comply with FEMA and OSHA recommendations. These policies are maintained in consultation with the school's insurance carriers and includes responses to natural disasters and emergencies including fire, flood, earthquake, dirty bombs and toxic spills, siege, explosions, airplane disasters, and serious personal injuries. Specific precautions taken to ensure seismic safety include monthly safety inspections and mitigation procedures for ensuring safety of students and staff. These are performed by the maintenance department and overseen by the Chief Financial Officer. These procedures include ensuring that all exits are free from obstruction, that all exits are well marked and evacuation maps are in place, and that all heavy furniture such as bookcases and file cabinets are well-secured by straps to the wall.
- b. Natural disasters and emergencies: Charter Academy of the Redwood's Guide to School Safety Procedures are maintained by CAR's chief fiscal officer and reviewed by staff at the beginning of each year. The guide includes procedures for what to do in the event of an assault or fight, bomb threat, earthquake, fire, hostage taking, intruder, serious injury or death both at and outside of school, and weapons possession. Normally grades 4-6 would have monthly evacuation drills and grades 7-12 would have four evacuation drills during the year with a review of what behavior was expected and a review of the posted evacuation routes.

- c. Immunizations, health screenings, administration of medications: For those who need medication dispensed, Charter Academy of the Redwoods Corporate policy is followed which requires written authorization by the health care provider and a log of the time medication was given and by whom. All medications were locked up in a cabinet in the business office. CAR also adheres to the provisions of Education Code Sections 49450-49456 with regard to physical exams of students in school. However, students did not participate in the regular screenings due to distance learning. Normally, students in grades 5, 8 and 10 as well as any students new to American schools participate in vision screening. Students in grades 5, 8 and 10 also participated in hearing screening. Finally, CAR requires all enrolling students to provide documentation of immunization in accordance with the law, including immunizations for polio, diphtheria, tetanus, pertussis, measles, mumps, rubella, hepatitis B, and varicella. The immunization policy honors permanent medical exemptions for all students and personal belief exemptions filed before January 1, 2016 for all students except for those entering grade seven. Records of student immunizations were maintained in a separate health file for each student.
- d. Tolerance for use of drugs and/or tobacco: Accelerated Achievement Academy maintains a drug and alcohol and smoke free environment.
- e. Staff training on emergency and first aid response: All staff received access to blood-borne pathogen immunizations and training as well as training in emergency response, sexual harassment, mandated-reporting requirements, CPR, and fire extinguisher use. Two staff members have completed training to be able to provide training to students through the Community Emergency Teen Response (CERT) program and are qualified to train staff in CPR and First Aid.
- f. Suicide Prevention: CAR recognizes that suicide is a major cause of death among youth and should be taken seriously. In order to attempt to reduce suicidal behavior and its impact on students and families, CAR has developed strategies for prevention, intervention, and postvention. CAR involved mental health professionals and community organizations in planning, implementing, and evaluating CAR's strategies for suicide prevention, intervention, and postvention. As appropriate, these strategies specifically address the needs of students who are at higher risk of suicide, including, but not limited to, students bereaved by suicide; students with disabilities, with mental health issues, or substance use disorders; students experiencing homelessness or who are in foster care; lesbian, gay, bisexual, transgender, or questioning youth. CAR's policy shall be reviewed by the Board and updated as necessary annually. As part of CAR's suicide prevention strategies, all staff complete suicide prevention training through LivingWorks, prior to the start of 2021-2022 school year.
- 4. **Description of any revisions to the charter school board adopted health and safety policies:** During 2021-22, CAR did not revise the health and safety policy. CAR initially adopted board policy, BP 506, outlining our health and safety procedures in 2011 and added policy specific to suicide prevention in 2018. In 2019 CAR revised the suicide prevention policy to address all components of AB 2246. (Appendix G).

5. Description of suitability of facility in terms of educational utility: Accelerated Achievement Academy maintained classrooms and office facility at 1031 N. State St., shared classrooms with Redwood Academy, and used the Home Arts and Flower Building on the fairgrounds for classes. Occupancy was well within established limits. Sufficient restrooms were provided and exits were adequate for traffic control. Temperature was easily controllable. All buildings suitably housed the variety of educational programs, technology, and administrative support needed. The Junior Building and Home Arts Buildings were used for lunch and school activities. Carl Purdy Hall and the Fine Arts Building were rented for special occasions such as Honors Assembly and the Promotion/ Graduation Ceremony to accommodate the size of the audience.

## G. <u>Means to Achieve a Racial and Ethnic Balance Reflective of Authorizing School</u> <u>District</u>

- 1. Specific practices/policies used to attract a diverse applicant pool/enrollment: Accelerated Achievement Academy adheres to the goal of enrolling students who are representative of the adolescent population of the district. From participation at orientation, it was clear that word-of-mouth continued to be the school's most effective means of outreach. The majority of outreach was done by current students and their families; this generated a large percentage of inquiries from parents who had heard about the school from a current or former student. However, the school does advertiser in a variety of publications including Mendo Lake Family Life Magazine, the Ukiah Daily Journal, the city Recreational Guide, Al Punto, direct mailers and on MTA buses. Over the summer the school participated in the Kids Triathlon and the Redwood Empire Fair. In an effort to achieve a racial and ethnic balance reflective of the school district, Accelerated Achievement Academy provided Spanish-language orientations and registration materials. Spanish language services were provided to prospective parents by phone and in person; orientation and orientation hand-outs were provided in Spanish. These practices have resulted in a diverse population reflective of Ukiah Unified and the area at large.
- 2. Data to document improvement in racial/ethnic balance: AAA saw a decrease of approximately 4% in the white population and 2% in the Hispanic population over the previous year. The two or more races population increased by about 3% and the American Indian or Alaska Native population increased by a approximately 4%. There was a decrease of less than 1% in those not reported. All other populations remained unchanged. The changes reflect increase and decreases throughout the grades with no discernable pattern. (Appendix A)
- Table summary of charter school ethnic balance compared to the district reported in percentages for the prior school year:

	Black or African American	American Indian or Alaska Native	Asian	Filipino	Hispanic or Latino	Native Hawaiian or Pacific Islander	White	Two or More Races	Not Reported
Accelerated Achievement Academy	0%	8.3%	0%	0%	47%	0%	31.8%	10.6%	2.3%
School District	<1%	5.1%	<1%	<1%	54%	0%	34.1%	4.2%	<1%

### H. Admissions Requirements

- 1. Admission requirements and any preferences used: The staff remains strongly committed to providing an educational opportunity consistent with the mission to every student-family who chose to enroll. All grade 4-12 students in the state of California are eligible to attend Accelerated Achievement Academy. In conformity with the requirements of Education Code section 47605, subdivision (d)(2)(B), admission preference "shall be extended to pupils currently attending the charter school and pupils who reside in the district."
- 2. Admissions and enrollment process and timeline used, as well as procedures for public random drawings, if necessary: The annual registration process includes allowing continuing students who wish to return to notify the school of that intent in early February. After that, the enrollment process for all new students begins. Windows are established for enrollment purposes. Last year, there were seven pre-school enrollment windows. The school closes classes to further enrollment at any point in which classes are determined to be full. The petitioners include information regarding enrollment procedures on the registration card and provide contact information through outreach activities such as advertisements and community bulletin boards. If more students choose to apply in any enrollment window than can be admitted, the following admission processes will be followed:
  - a. In the event that the number of students who wish to attend the school exceeds the school's capacity, a lottery system with a Table of Random Numbers is used to publicly determine those selected to attend after accommodating continuing CAR students.
  - b. In conformity with the requirements of Education Code section 47605, subdivision (d)(2)(B), admission preference "shall be extended to pupils currently attending the charter school and pupils who reside in the district."

This year we switched to an orientation packet that were provided to students and their parents that helped inform new families about expectations and requirements prior to the opening of the school year. Orientation packets were provided in both Spanish and English.

### 3. Number of students enrolled in each grade:

Grade	4	5	6	7	8	9	10	11	12
Number of Students	8	12	24	22	19	13	17	13	14

- 4. **Number of students on a waiting list for each grade:** Accelerated Achievement Academy did not have any students remain on the waiting list in the 2021-2022 school year.
- 5. **Number of students leaving the Charter School by grade level:** After CBEDS, over the remainder of 2021-2022 school year, saw the departure of two 4<sup>th</sup> grade students, two 5<sup>th</sup> grade students, five 6<sup>th</sup> grade students, five 7<sup>th</sup> grade students, eight 8<sup>th</sup> grade students, three 9<sup>th</sup> grade students, five 10<sup>th</sup> grade students, five 11<sup>th</sup> grade students, and one 12<sup>th</sup> grade student. Of those who left, two transferred to Pomolita, three transferred to Eagle Peak, two transferred to UISA, two transferred to Oak Manor, one transferred to Frank

Zeek, two transferred to Ukiah High, fourteen transferred out of the area, six transferred to other charter schools or homeschooling, one dropped out, and three were expelled.

#### I. Financial Audit

- Procedure used to select and retain independent auditor: The Charter Academy of the Redwoods Treasurer will cause an annual financial audit of the charter school to be conducted by an independent auditor approved by the Board of Directors. In 2021-2022, The Board maintained its contract with the firm of Robertson and Associates, CPAs, to conduct the annual independent corporate audit.
- 2. **Qualifications required of the independent auditor:** The independent auditor must employ Generally Accepted Accounting Principles (GAAP), be familiar with California charter school law, and be experienced with educational finance.
- 3. The manner in which the audit was conducted: Audits are conducted according to standards applicable to governmental agencies and the state's audit guide standards applicable to charter schools. Audit reports will be completed and available for review at the school and submitted to the charter-authorizing agency Board of Trustees by the auditor. All financial records have been kept on the system supported by Mendocino County Office of Education including use of the Standardized Account Code Structure with attendance records kept by the school staff. The Academy has been able to use its own equipment to keep the financial records and used PowerSchool® for attendance records.
- 4. Scope and timing of the audit, as well as required distribution of completed audit: The audit visit for 2021-2022 was conducted the last week of June. The audit report is provided as soon as possible in keeping with the December 15<sup>th</sup> deadline to all mandated recipients including the Corporate Governing Board, the Governing Board of the charter-granting agency, Mendocino County Office of Education, and the state Controller's Office.
- 5. Process used for resolving audit exceptions and deficiencies to the satisfaction of the authorizing school district: The CAR Treasurer recognizes the need to ensure that any audit exceptions or deficiencies will be resolved as determined by state law and this charter and will ensure adherence to the charter-granting agency's expectations for timely compliance. Procedures and/or processes that caused the exceptions and/or deficiencies will be modified by CAR to meet the auditor's specifications and such modifications will be sent to the charter-authorizing agency's Board of Trustees within six months of the auditor's report. Charter Academy of the Redwoods did have one audit finding for the audit report approved by the Board of Directors in the 2021-22 school year. The finding was specific to Redwood Academy of Ukiah, and did not impact Accelerated Achievement Academy.

### J. Pupil Suspension and Expulsion

1. Summary of process used to suspend or expel a student: Accelerated Achievement Academy maintained a multi-step discipline program. The disciplinary process generally begins with a student being sent outside for a brief time-out and focus on the behavioral issue. Students committing an infraction that warranted a longer removal from class and a note in their behavior log were sent to the office for 10 minutes and spoke to office staff about their conduct. Students committing an infraction that warranted removal for the

period were removed from class for the remainder of the period and received detention. In some cases, those students may be suspended for the balance of the day. Beyond that students could be suspended for a complete day, in which case they were placed on Behavior Probation and denied privileges for the required time. Infractions were logged in PowerSchool®. Students who committed a serious infraction of the Discipline Code were considered for expulsion. In the event of a potential expulsion, a Hearing Panel was convened comprised of three staff members who rotated the responsibility with the principal present to provide continuity. The Panel was charged with providing due process, finding the truth of the situation, identifying the student's needs, and balancing that with the school and student body's needs, school policy, and applicable law. Parents were informed of the hearing in advance and encouraged to participate which in all cases they did. The chartergranting agency was also informed of the outcome when the student was expelled. The staff provided information about expulsions to the UUSD administrative consultant. In the event that a Special Education student does commit a serious infraction that warrants consideration for expulsion, a manifestation determination conducted by resource staff would take place to determine whether or not a Hearing Panel should be convened.

2. Number of suspensions: 60

3. Number of expulsions: 3

### K. Staff Retirement Systems

1. Certificated: CalSTRS

2. Classified: CalPERS

#### L. Attendance Alternatives

1. Process used to inform students of their rights to attend other schools or pursue an inter-district transfer: Attendance at Accelerated Achievement Academy is entirely voluntary on the part of the students who enroll. Students who opt not to attend the charter school may attend other schools in the district in which the charter school is located or may pursue an inter-district transfer in accordance with existing enrollment and transfer policies of their district or county of residence. AAA also recognizes that the student has no right to admission in a particular school of any local education agency as a consequence of enrollment in the charter school, except to the extent that such a right is extended by the local education agency. Accelerated Achievement Academy students and their families are informed of all this by way of the Student~Family Handbook.

### M. Description of Employee Rights

1. **Employee benefits and compensation:** Full-time employees of Charter Academy of the Redwoods receive medical/dental/vision benefits and retirement benefits. Part-time employees who work over 50% are eligible for medical benefits through a cost-sharing plan, though benefits may be waived. A full-time employee may earn 80 hours of Sick Leave per fiscal year and may accumulate the unused balance of sick leave. Part-time classified employees may earn 24 hours of sick leave per fiscal year, and part-time certificated or exempt employees earn sick leave on a pro-rated basis. In 2021-2022, Corporate

Management salaries ranged from \$69,987 to \$87,918. Classified Coordinator salaries ranged from \$45,667 to \$63,509. CAR also compensated other classified staff at hourly rates that ranged from \$18.44 to \$27.31. Certificated salaries ranged from \$45,754 to \$76,783, and part-time hourly certificated staff were compensated at an hourly rate of \$30.10.

2. **Employee rights, including tenure:** Charter Academy of the Redwoods is an at-will employer. CAR employees do not have any rights of return to UUSD.

### N. Dispute Resolution Process

To resolve internal disputes, AAA maintains a Uniform Complaint Procedure that is provided to the district each August. As outlined in the Charter Petition, external disputes between AAA and UUSD shall be resolved pursuant to the dispute resolution language contained in the MOU.

- Number of dispute resolutions during the year
  - a. Internal: 0
  - b. External: 0
- 2. Number of claims or lawsuits and any disposition of such claims or lawsuits: 0

#### O. Labor Relations

1. Charter Academy of the Redwoods is the exclusive public school employer for Educational Employment Relations Act purposes.

### P. Closure of Charter School

1. **Outline of the process to be used if the charter school closes:** The Board of Directors has a procedure for closing the school outlined below. The procedure was adopted when the charter was renewed and it is not expected to be used. It provides for the allocation of all assets by the Board.

In the event AAA closes, CAR will document and affect its closure by official action of the Board of Directors of Charter Academy of the Redwoods whose responsibility is to make such a decision at a publicly noticed meeting. The agenda item will include the reason for the school's closure, the anticipated date of the closure, and the name of the person responsible for closure-related activities. Notice shall be provided to the District at least three days in advance of a closure issue being presented to CAR's Board. AAA will provide written notice to the charter-authorizing agency, the county office of education, the retirement systems in which the school's employees participate, the California Department of Education, and AAA students and parents of the official action and the effective date of the school closure; notice will be provided within seven days of the Board's decision. This notice will also include the name(s) and contact information for the person(s) to whom reasonable inquiries may be made regarding the closure, the pupils' school districts of residence, and the manner in which parent/guardians may obtain copies of pupil records, including specific information on completed courses and credits that meet graduation requirements.

The Board will ensure that the notification to the parent/guardians and students of AAA of the closure provides information to assist parents and students in locating suitable alternative educational programs. This notice will be provided promptly following the Board's decision to close the school. The Board will also develop a list of students in each grade level and the classes they have completed, together with information on the pupil's districts of residence, which they will provide to the entity responsible for closure-related activities.

The school will complete and file any annual reports required pursuant to Education Code section 47604.33

Given that a non-profit corporation operates the school, should the corporation dissolve with the closure of the school, the Board will follow the procedures set forth in the California Corporations Code for the dissolution of a non-profit public benefit corporation and file all necessary filings with the appropriate state and federal agencies.

AAA will utilize the reserve fund to undertake any expenses associated with the closure procedures identified in this section.

- 2. Process to include a final audit of the charter school: The CAR Treasurer will prepare final AAA financial records and will commission an independent audit by a qualified Certified Public Accountant paid for by AAA to determine the disposition of all assets and liabilities of AAA. The final audit will include an accounting of all financial assets, including cash and accounts receivable and an inventory of property, equipment, and other items of material value, an accounting of the liabilities, including accounts payable and any reduction in apportionments as a result of audit findings or other investigations, loans, and unpaid staff compensation, and an assessment of the disposition of any restricted funds received by or due to AAA. The results of the audit will be forwarded to the charter-authorizing agency upon completion.
- 3. Specific plans for disposition of all net assets and liabilities, as well as for the maintenance and transfer of pupil records: In the event of the school's closure, all assets of the school, including but not limited to all leaseholds, personal property, intellectual property, and all accrued ADA apportionments and other revenue generated by students attending AAA will remain the sole property of CAR subject to all audited and verifiable claims documented in the final audit as provided herein. In the event that the charter school is dissolved, all such property will be distributed as CAR will determine in accordance with state statutes governing nonprofit public benefit entities and with priority that such assets be distributed first to other CAR schools and then to other public schools as determined by the Board as potential beneficiaries of public assets including the potential for residual assets of the school to accrue to the benefit of UUSD. In the case of the dissolution of CAR, any funds remaining after completion of a final audit will be dispersed by the final action of the CAR board to legally eligible public agencies. Any assets acquired from the district or district property will be promptly returned upon school closure to the district. The distribution shall include return of any grant funds and restricted categorical funds to their source in accordance with the terms of the grant or state and federal law, as appropriate, which may include submission of final expenditure reports for entitlement grants and the filing of any required Final Expenditure Reports and Final Performance Reports, as well as the return of any donated materials and property in accordance with any conditions established when the donation of such materials or property was accepted.

In the event of the school's closure, the school shall remain solely responsible for all liabilities arising from the operation of the school.

As applicable and consistent with statute, AAA will provide parents, students, and/or the charter-authorizing agency or subsequently selected school(s) with all appropriate student records and will otherwise assist students in transferring to their next school(s). All transfers of student records will be made in compliance with the Family Educational Rights and Privacy Act (FERPA) 20 U.S.C.§1232g. The school will ask the district to store original records of AAA students. If the district will not or cannot store the records, the school will work with the county office of education to determine a suitable alternative location for storage. All state assessment results, special education records, and personnel records will be transferred to and maintained by the entity responsible for closure-related activities in accordance with applicable law.

PLEASE NOTE: Caution should be used in interpreting overall achievement level percentages for a school or district. The proportion of students in each grade can cause variation in the meaning of the achievement level percentages. The achievement level percentages in one grade from one school or district may be compared with the achievement level percentages in that same grade from another school or district.

English Language Arts/Literacy Achievement Level Descriptors

### ► Data Detail - All Students (accessible data)

- 506 Health and Safety rev. 1/26/16, 1/24/17, 10/17/17, 10/16/18, 5/5/20
  506.1 Charter Academy of the Redwoods implements a comprehensive set of health, safety, and risk management policies. An onsite designee shall oversee proper reporting procedures for all safety issues, injuries or other health and safety related occurrences in a manner consistent with the Family Education Rights and Privacy Act (FERPA). Information about health and safety matters will be provided to each employee upon hire.
  - 1. Procedures for Background Checks: In keeping with BP 401.15, CAR will comply with the provisions of Education Code Section 44237 and 45125.1 regarding the fingerprinting and background clearance of employees, contractors and volunteers prior to employment, volunteering, or contract services, or any unsupervised contact with pupils of Charter Academy of the Redwoods. Each employee of the school will be fingerprinted and furnish the school with a criminal record summary; each volunteer in the classroom and each volunteer who accompanies students on overnight field trips, or field trips more than 150 miles from the school, will be fingerprinted and furnish CAR with a criminal record summary. The administrator or designee shall monitor compliance with this policy and report any exceptions to the President and UUSD.
  - 2. Role of Staff as Mandated Child Abuse Reporters: All classified and certificated staff will be mandated child abuse reporters and will follow all applicable reporting laws, following the same policies and procedures used by the UUSD.
  - 3. Tuberculosis Testing: CAR will follow the requirement of Education Code Section 49406 in requiring evidence of current tuberculosis clearance for all employees prior to beginning employment. The administrator or designee shall monitor compliance with this policy and report any exceptions to the President and UUSD.
  - 4. Immunizations: CAR will adhere to all legally required immunization laws or entering students pursuant to Health and Safety Code Section 120325-120375 and Title 17, California Code of Regulations Section 6000-6075. CAR requires all enrolling students to provide documentation of immunization in accord with the law, including immunizations for polio, diphtheria, tetanus, pertussis, measles, mumps, rubella, hepatitis B, and varicella, as described in the Department of Health Services Document IMM-231. The immunization policy honors permanent medical exemptions for all students and personal belief exemptions filed before January 1, 2016 for all students except for those entering grade seven. Records of student immunizations are maintained in a separate health file for each student.
  - 5. Medication in School: CAR will adhere to the provisions of Education Code Section 49423 regarding the administration of medication in school. Any student requiring the administration of medication in school has on file written statements from both the child's health care provider and from the parent/guardian regarding the details of the medication. These statements are renewed annually. The unlicensed personnel who administer these medications are trained in the safe administration of the medication and to be alert for any adverse reactions. All such medications are kept securely locked up. Students who have written statements on file from both their health care provider and their parent/guardian to carry and self-administer an asthma inhaler or EpiPen may administer their own medications as needed. A signed statement is kept on file releasing school personnel and the school district of any civil liability in case of an adverse reaction. In addition, a signed release is kept on file giving the designated personnel liberty to consult with the

child's health care provider regarding the administration of said medication in school.

- 6. EpiPens: CAR will have on hand epinephrine auto injectors, also known as EpiPens, for the event of an unexpected life-threatening anaphylactic episode. One EpiPen and one EpiPen Jr. will be kept in each of the offices at 1031 and 1059 N. State St. One EpiPen and one EpiPen Jr to be kept in each of the Flower, Home Arts and Junior Buildings. The EpiPens will be prescribed by a physician and will be replaced when they expire. Designated faculty and staff will be trained in recognition of anaphylaxis, CPR, and in the safe administration of the EpiPen. EpiPen trainings will be repeated every year under the supervision of a Nurse. Emergency forms will include a section to sign giving the school permission to administer epinephrine in case of a life-threatening anaphylactic event. A report will be filled out after every incident and delivered to the prescribing physician and placed in the student's health chart.
- 7. Health Care Screenings: CAR will adhere to the provisions of Education Code Sections 49450-49456 with regard to physical exams of students in school. Employees may participate in the screenings upon request to their supervisor.
  - a. Vision—Qualified personnel screens all students in mandated grades annually for visual acuity, gross eye anomalies, visual performance and perception; and screens all male students for color vision. Referrals are made for students who do not pass the vision screening.
  - b. Hearing—All students in grades 5 and 8 are screened annually for hearing acuity. Referrals are made for those students who fail the initial screen or who are absent on the day of screening.
  - c. Scoliosis— Qualified personnel screens all 7th grade female students and all 8th grade male students annually for scoliosis; students who have waivers on file are not screened. Referrals are made for those students who register ò10ø curvature on the scoliometer.
  - d. Physical examination—CAR adheres to the provisions of Health and Safety Codes 324.2, 325.5.
- 8. Emergency Preparedness--The School Safety Site Plan is maintained to comply with FEMA and OSHA recommendations, and will be submitted landholders as appropriate. These policies are maintained in consultation with the school's insurance carriers and at a minimum include:
  - a. Response to natural disasters and emergencies including fire, flood, earthquake, dirty bombs and toxic spills, siege, explosions, airplane disasters, and serious personal injuries
  - b. Training of personnel in first aid and emergency response and exposure/ handling of hazardous materials
  - c. Insuring the safety and limiting the liability for students, staff and volunteers for off campus events, and for persons coming to or leaving campus
  - d. Insuring safety and limiting liability for volunteers working on campus.

CAR shall adhere to an Emergency Preparedness Guideline drafted specifically to meet the needs of the school site. These policies are incorporated as appropriate into the school's student and staff handbooks and

will be reviewed on an ongoing basis in the school's staff development efforts. Any additional health and safety policies and procedures along with any revisions of existing policies and procedures shall be submitted annually to the District as part of the annual programmatic audit of the charter school.

- 9. Blood Bourne Pathogens: CAR meets state and federal standards for dealing with blood borne pathogens and other potentially infectious materials on campus. A written "Exposure Control Plan" is in place, designed to protect employees from possible infection due to contact with blood borne viruses, including human immunodeficiency virus (HIV) and hepatitis B virus (HBV). Faculty and staff must review and sign the policy annually. Whenever exposed to blood or other body fluids through injury or accident, students and staff should follow the latest medical protocol for disinfecting procedures.
- 10. Drug Free/Smoke Free Environment: In keeping with BP 401.10, CAR maintains a drug and alcohol and smoke free environment and adhere to the Code of Federal Regulations, Title 49, Parts 40 and 382
- 11. Bullying and Harassment Policies and Procedures: In keeping with BP 401.01 and 401.02 CAR is committed to providing a school that is free from sexual harassment, as well as any bullying and harassment based upon factors such as the person's actual or perceived characteristics of race or ethnicity, color, ancestry, nationality, national origin, immigration status, ethnic group identification, age, religion, marital status, pregnancy, parental status, physical or mental disability, sex, sexual orientation, gender, gender identity, gender expression, or genetic information, or any other characteristic identified by state or federal law, or based on his/her association with a person or group with one or more of these actual or perceived characteristics. Misconduct of this nature is very serious and will be subject to disciplinary measures. Concerns about bullying, discrimination, or harassment will be addressed through the uniform complaint procedure adopted by CAR.
- 12. Field Trip Water Safety Policies: CAR does not permit field trips which include swimming, wading, and general exposure of students to bodies of water without prior approval of the CAR Board of Directors.
- 13. Suicide Prevention: CAR recognizes that suicide is a major cause of death among youth and should be taken seriously. In order to attempt to reduce suicidal behavior and its impact on students and families, the Principal or designee shall develop strategies for prevention, intervention, and postvention. The Principal or designee may involve health professionals, other school staff, parents/guardians, students, local health agencies, and community organizations in planning, implementing, and evaluating CAR's strategies for suicide prevention, intervention, and postvention. As appropriate, these strategies shall specifically address the needs of students who are at high risk of suicide, including, but not limited to, students bereaved by suicide; students with disabilities, with mental health issues, or substance use disorders; students experiencing homelessness or who are in foster care; lesbian, gay, bisexual, transgender, or questioning youth. This policy shall be reviewed by the Board and updated as necessary annually.

Suicide prevention strategies may include, but not be limited to:

- 1. Staff training on suicide awareness and prevention for teachers and other school employees who interact with students. The training shall include:
  - a. Information on the higher risk of suicide among certain groups, including, but not limited to, students bereaved by suicide; students with disabilities, mental health issues, or substance use disorders; students experiencing homelessness or who are in foster care; lesbian, gay, bisexual, transgender, or questioning youth;
  - b. Individual risk factors such as previous suicide attempt(s) or self-harm, history of depression or mental health issues, family history of suicide or violence, feelings of isolation, interpersonal conflicts, a recent severe stressor or loss, family instability, impulsivity, and other factors;
  - c. Warning signs that may indicate depression, emotional distress, or suicidal intentions, such as changes in students' personality or behavior and verbalizations of hopelessness or suicidal intent;
  - d. Community resources and services;
  - e. Appropriate ways to interact with a student who is demonstrating emotional distress or is suicidal and procedures for intervening when a student attempts, threatens, or discloses the desire to die by suicide, including, but not limited to, appropriate protocols for monitoring the student while the immediate referral of the student to medical or mental health services is being processed.
- 2. Efforts to promote a positive school climate that enhances students' feelings of connectedness with the school and is characterized by a caring staff and harmonious relationships among students.
- 3. Student identification cards shall include the National Suicide Prevention Lifeline telephone number, the National Domestic Violence Hotline number, and may also include the Crisis Text Line or other local crisis numbers.

Suicide intervention strategies may include, but not be limited to:

- 1. Students shall be encouraged to notify a teacher, principal, or other adult when they are experiencing thoughts of suicide or when they suspect or have knowledge of another student's suicidal intentions.
- 2. Whenever a staff member suspects or has knowledge of a student's suicidal intentions, he/she shall promptly notify the Principal or designee. Every statement regarding suicidal intent shall be taken seriously. The Principal or designee shall then notify the student's parent/guardians if there is reasonable cause to believe that it is necessary to avert a clear and present danger to the health, safety, or welfare of the student or others as soon as possible and may refer the student to mental health resources in the community. School employees shall only act within the authorization and scope of their credential or license. An employee is not authorized to diagnose or treat mental health issues unless they are specifically licensed and employed to do so.
- 3. The principal or designee shall document any suicide attempt or threat in writing, including the steps the school took in response.

Suicide postvention strategies may include, but not be limited to:

1. In the event that a student dies by suicide the Principal or designee shall communicate with the student's parents/guardians to offer condolences and assistance. In accordance with confidentiality of student record information, the

- Principal or designee shall consult with the parents/guardians regarding facts that may be divulged to other students, parents/guardians, and staff.
- 2. The Principal or designee shall implement procedures to address students' and staff's grief and to minimize the risk of imitative suicide or suicide contagion. The Principal or designee shall provide students, parents/guardians, and staff with information, counseling, and/or referrals to community agencies as needed. School staff may receive assistance from mental health professionals in determining how best to discuss the suicide or attempted suicide with students.
- 3. The school's response to media shall be handled by the Principal or designee and focus on the postvention plan and available resources.
- 4. After any suicide or attempted suicide by a student, the Principal or designee shall provide an opportunity for all staff who responded to the incident to debrief, evaluate the effectiveness of the strategies used, and make recommendations for future actions.

	,		,	

### rev.10/6/2015, 10/15/2019, 9/14/2021, 10/11/2022

- 401.6 Leaves: While every effort must be made to attend to assigned duties, there may be times when it is necessary for an employee to take a leave of one or more days.
  - 1. Types of paid leave include:
  - a. Sick Leave to provide for absences due to: preventive care (including annual physicals or flu shots), personal illness or injury that prevents the employee from working; illness, or injury of an immediate family member that requires the presence of the employee; or for an employee to receive medical care or other assistance to address instances of domestic violence, sexual assault, or stalking.
    - 1. Sick Leave is available to all employees who work at least thirty (30) days within the span of a single calendar year from the commencement of employment.
    - 2. A full-time employee is entitled to eighty (80) hours of Sick Leave per fiscal year (July 1-June 30) or a prorated amount thereof if the full-time employee starts work after September 1 of the fiscal year.
    - 3. A certificated or classified "exempt" part-time employee will receive Sick Leave on a pro-rata basis proportional to the percentage of the fiscal year to which the employee is scheduled, but under no circumstances will the employee receive less than twenty-four (24) hours of Sick Leave.
    - $\underline{4}.A$  part-time classified employee is entitled to twenty-four (24) hours of Sick Leave per fiscal year.
    - 5. Leave less than one (1) scheduled work day will not be deducted for certificated and classified "exempt" employees. For all other employees, leave will be deducted on an hourly basis.
    - 5. All employees may carry over the annual balance of unused Sick Leave to the following fiscal year. No employee will receive pay in lieu of Sick Leave under any circumstances, and employees will not be paid for any accrued but unused Sick Leave upon separation from employment.
    - 7. The full allocation will be available upon the first day the employee reports to work each year. Once an employee has exhausted sick leave, the employee may continue on an unpaid medical leave depending upon the facts and circumstances of the employee's basis for leave beyond accrued sick leave. Employee requests for unpaid medical leave must be approved in advance.
    - 8. The *Charter Academy* recognizes Sick Leave accrued by other California public school agencies. It is the responsibility of the employee to provide the business office with official verification of hours earned.

- b. Bereavement Leave—to attend to the death or imminent death of an individual. Leave may be deducted from Sick Leave at a maximum of 100% of the annual Sick Leave allotment. For example, full-time employees can take a maximum of 10 days or 80 hours and part-time classified employees can take a maximum of 24 hours of bereavement leave annually.
- c. Personal Leave—to attend to personal business. A maximum of 30% 50% of the annual Sick Leave allotment may be used for absences of a personal nature such as attending events, engaging in recreational activities, or taking care of other personal business that cannot be more conveniently scheduled. No amount of personal leave-can exceed 30% 50% of the annual Sick Leave allotment. Such leave may not be accumulated.

In the event a student cannot come to school, the student may elect to participate in independent study. Independent study shall offer a means of individualizing the educational plan to serve students whose health or other personal circumstances make classroom attendance difficult. For the 2021-22 school year, CAR shall offer independent study to meet the educational needs of students as specified in Education Code 51745. For the 2022-23 school year and thereafter, the Principal or designee may approve the participation of a student who demonstrates the motivation, commitment, organizational skills, and academic skills necessary to work independently provided that experienced certificated staff are available to effectively supervise students in independent study. The Principal or designee may also approve the participation of a student whose health would be put at risk by inperson instruction. A student whose academic performance is not at grade level may participate in independent study only if the program is able to provide appropriate support, such as supplemental instruction, tutoring, counseling, ongoing diagnostic assessments, and/or differentiated materials, to enable the student to be successful. A student's participation in independent study shall be voluntary.

No course required for high school graduation shall be offered exclusively through independent study. Students in independent study shall have access to the same services and resources that are available to other students in the school and shall have equal rights and privileges. Students participating in independent study shall have access to Internet connectivity and devices adequate to participate in the educational program and complete assigned work. The Principal or designee shall ensure that students participating in independent study are provided with content aligned to grade level standards at a level of quality and intellectual challenge substantially equivalent to in-person instruction. For grades 9-12, this shall include access to all courses offered by the school for graduation and approved by the University of California or the California State University as creditable under the A-G admissions criteria. CAR shall not provide independent study students and their parents/guardians with funds or items of value that are not provided for other students and their parents/guardians. Providing access to Internet connectivity and local educational agency-owned devices adequate to participate in an independent study program and complete assigned work consistent with Education Code 51747, or to participate in an independent study course, as authorized by Education Code 51749.5, shall not be considered funds or other things of value. Students are eligible for independent study as authorized in law, and as specified in board policy. A student participating in independent study must be a resident of the county or an adjacent county. A student with disabilities, as defined in Education Code 56026, shall not participate in independent study unless the student's individualized education program specifically provides for such participation. A student's participation in independent study shall be voluntary.

The Principal or designee shall ensure that students participating in independent study for 15 school days or more receive the following throughout the school year:

1. For students in grades 4-8, opportunities for both daily live interaction and at least weekly synchronous instruction

2. For students in grades 9-12, opportunities for at least weekly synchronous instruction

The Principal or designee shall develop a plan to transition students whose families wish to return to in-person instruction from independent study expeditiously, and, in no case later, than five instructional days. This requirement only applies to students participating in an independent study program for 15 school days or more.

Because excessive leniency in the duration of independent study assignments may result in a student falling behind peers and increase the risk of dropping out of school, independent study assignments shall be completed no more than one week after assigned for all grade levels and types of program. However, when necessary based on the specific circumstances of the student's approved program, the Principal or designee may allow for a longer period of time between the date an assignment is made and when it is due, up to the termination date of the agreement.

The Principal or designee shall ensure that a written master agreement exists for each participating student as prescribed by law. A written agreement shall be developed and implemented for each student participating in independent study. The agreement shall include general student data, including the student's name, address, grade level, birth date, school of enrollment, and program placement. The independent study agreement for each participating student also shall include, but are not limited to, all of the following:

- 1. The frequency, time, place and manner for submitting the student's assignments, reporting the student's academic progress, and communicating with a student's parent/guardian regarding the student's academic progress
- 2. The objectives and methods of study for the student's work and the methods used to evaluate that work
- 3. The specific resources that will be made available to the student, including materials and personnel, and access to Internet connectivity and devices adequate to participate in the educational program and complete assigned work
- 4. A statement of the Board's policy detailing the maximum length of time allowed between an assignment and its completion, the level of satisfactory educational progress, and the number of missed assignments which will trigger an evaluation of whether the student should be allowed to continue in independent study
- 5. The duration of the independent study agreement, including the beginning and ending dates for the student's participation in independent study under the agreement, with amaximum of one school year
- 6. A statement of the number of course credits or, for the elementary grades, other measures of academic accomplishment appropriate to the agreement, to be earned by the student upon completion.
- 7. A statement detailing the academic and other supports that will be provided to address the needs of students who are not performing at grade level, or need support in other areas, such as English learners, students with disabilities with an individualized education program or a Section 504 plan in order to be consistent with their program or plan, students in foster care or experiencing homelessness, and students requiring mental health supports
- 8. A statement that independent study is an optional educational alternative in which no student may be required to participate
- 9. In the case of a suspended or expelled student who is referred or assigned to any school, class, or program pursuant to Education Code 48915 or 48917, a statement that instruction may be provided through independent study only if the student is offered the alternative of classroom instruction

10. Before the commencement of independent study that is scheduled to last 15 days or more, the agreement shall be signed and dated by the student, the student's parent/guardian or caregiver if the student is under age 18 years, the certificated employee responsible for the general supervision of independent study, and all persons who have direct responsibility for providing assistance to the student. However, for the 2021-22 school year independent scheduled to last less than 15 days, the district school shall obtain a signed written agreement for independent study from the student, or the student's parent/ guardian if the student is less than 18 years of age, the certificated employee who has been designated as having responsibility for the general supervision of independent study, and all persons who have direct responsibility for providing assistance to the pupil, no later than 30 10 days after the first day of instruction.

Written agreements may be signed using an electronic signature that complies with state and federal standards, as determined by the California Department of Education (CDE). The parent/guardian's signature on the agreement shall constitute permission for the student to receive instruction through independent study.

The Principal or designee shall ensure that procedures for tiered reengagement strategies are used for all students who are not generating attendance for more than three school days or 60 percent of the instructional days in a school week, or who are in violation of their written agreement. This requirement only applies to students participating in an independent study program for 15 school days or more. The procedures shall include, but are not necessarily limited to, all of the following:

- 1. Verification of current contact information for each enrolled student
- 2. Notification to parents/guardians of lack of participation within one school day of the recording of the non-attendance day the absence or lack of participation

  3. A plan for outrooch from the school to determine the day and made it is also like.
- 3. A plan for outreach from the school to determine student needs, including connection with health and social services as necessary

Furthermore, an evaluation shall be conducted to determine whether it is in a student's best interest to remain in independent study whenever the student fails to make satisfactory educational progress and/or misses three assignments. Satisfactory educational progress shall be determined based on all of the following indicators:

- 1. The student's achievement and engagement in the independent study program, as indicated by the student's performance on applicable student-level measures of student achievement and engagement specified in Education Code 52060
- 2. The completion of assignments, assessments, or other indicators that evidence that the student is working on assignments
- 3. Learning required concepts, as determined by the supervising teacher
- 4. Progress towards successful completion of the course of study or individual course, as determined by the supervising teacher

A student-parent-educator conference shall be held as appropriate including, but not limited to, as a reengagement strategy and/or if requested by a parent/guardian prior to enrollment or disenrollment from independent study.

Each student's participation in live interaction and synchronous instruction pursuant to Education Code 51747 on each school day, as applicable, in whole or in part, for which independent study is provided will be documented. A student who does not participate in independent study on a school day shall be documented as non-

participatory for that school day. The Principal or designee also shall maintain a written or computer-based record such as a grade book or summary document of student engagement, for each class, of all grades, assignments, and assessments for each student for independent study assignments. The signed, dated agreement, any supplemental agreement, assignment records, work samples, and attendance records may be maintained on file electronically.

Exceptions for pupils under professional care: Pupils who, under the care of appropriately licensed professionals, participate in independent study due to necessary medical treatments or impatient treatment for mental health care or substance abuse, are not subject to the tiered reengagement, live interaction, synchronous instruction, nor return to in-person provisions described above. The school shall obtain evidence from appropriately licensed professionals of the need for pupils to participate in independent study pursuant to this subdivision.

303.2 The Executive Director and/or his/her designee shall develop and implement Administrative Regulations in compliance with state education code to provide Independent Study.

## 2022-2023 Designation of CIF Representatives to League

- Health and Safety rev. 1/26/16, 1/24/17, 10/17/17, 10/16/18, 5/5/20, 12/13/22
  506.1 Charter Academy of the Redwoods implements a comprehensive set of health, safety, and risk management policies. An onsite designee shall oversee proper reporting procedures for all safety issues, injuries or other health and safety related occurrences in a manner consistent with the Family Education Rights and Privacy Act (FERPA). Information about health and safety matters will be provided to each employee upon hire.
  - 1. Procedures for Background Checks: In keeping with BP 401.15, CAR will comply with the provisions of Education Code Section 44237 and 45125.1 regarding the fingerprinting and background clearance of employees, contractors and volunteers prior to employment, volunteering, or contract services, or any unsupervised contact with pupils of Charter Academy of the Redwoods. Each employee of the school will be fingerprinted and furnish the school with a criminal record summary; each volunteer in the classroom and each volunteer who accompanies students on overnight field trips, or field trips more than 150 miles from the school, will be fingerprinted and furnish CAR with a criminal record summary. The administrator or designee shall monitor compliance with this policy and report any exceptions to the President and UUSD.
  - 2. Role of Staff as Mandated Child Abuse Reporters: All classified and certificated staff will be mandated child abuse reporters and will follow all applicable reporting laws, following the same policies and procedures used by the UUSD.
  - 3. Tuberculosis Testing: CAR will follow the requirement of Education Code Section 49406 in requiring evidence of current tuberculosis clearance for all employees prior to beginning employment. The administrator or designee shall monitor compliance with this policy and report any exceptions to the President and UUSD.
  - 4. Immunizations: CAR will adhere to all legally required immunization laws or entering students pursuant to Health and Safety Code Section 120325-120375 and Title 17, California Code of Regulations Section 6000-6075. CAR requires all enrolling students to provide documentation of immunization in accord with the law, including immunizations for polio, diphtheria, tetanus, pertussis, measles, mumps, rubella, hepatitis B, and varicella, as described in the Department of Health Services Document IMM-231. The immunization policy honors permanent medical exemptions for all students and personal belief exemptions filed before January 1, 2016 for all students except for those entering grade seven. Records of student immunizations are maintained in a separate health file for each student.
  - 5. Medication in School: CAR will adhere to the provisions of Education Code Section 49423 regarding the administration of medication in school. Any student requiring the administration of medication in school has on file written statements from both the child's health care provider and from the parent/guardian regarding the details of the medication. These statements are renewed annually. The unlicensed personnel who administer these medications are trained in the safe administration of the medication and to be alert for any adverse reactions. All such medications are kept securely locked up. Students who have written statements on file from both their health care provider and their parent/guardian to carry and self-administer an asthma inhaler or EpiPen may administer their own medications as needed. A signed statement is kept on file releasing school personnel and the school district of any civil liability in case of an adverse reaction. In addition, a signed release is kept on file giving the designated personnel liberty to consult with the

child's health care provider regarding the administration of said medication in school.

- 6. EpiPens: CAR will have on hand epinephrine auto injectors, also known as EpiPens, for the event of an unexpected life-threatening anaphylactic episode. One EpiPen and one EpiPen Jr. will be kept in each of the offices at 1031 and 1059 N. State St. One EpiPen and one EpiPen Jr to be kept in each of the Flower, Home Arts and Junior Buildings. The EpiPens will be prescribed by a physician and will be replaced when they expire. Designated faculty and staff will be trained in recognition of anaphylaxis, CPR, and in the safe administration of the EpiPen. EpiPen trainings will be repeated every year under the supervision of a Nurse. Emergency forms will include a section to sign giving the school permission to administer epinephrine in case of a life-threatening anaphylactic event. A report will be filled out after every incident and delivered to the prescribing physician and placed in the student's health chart.
- 7. Health Care Screenings: CAR will adhere to the provisions of Education Code Sections 49450-49456 with regard to physical exams of students in school. Employees may participate in the screenings upon request to their supervisor.
  - a. Vision—Qualified personnel screens all students in mandated grades annually for visual acuity, gross eye anomalies, visual performance and perception; and screens all male students for color vision. Referrals are made for students who do not pass the vision screening.
  - b. Hearing—All students in grades 5 and 8 are screened annually for hearing acuity. Referrals are made for those students who fail the initial screen or who are absent on the day of screening.
  - c. Scoliosis Qualified personnel screens all 7th grade female students and all 8th grade male students annually for scoliosis; students who have waivers on file are not screened. Referrals are made for those students who register \00e40100 curvature on the scoliometer.
  - d. Physical examination—CAR adheres to the provisions of Health and Safety Codes 324.2, 325.5.
- 8. Emergency Preparedness--The School Safety Site Plan is maintained to comply with FEMA and OSHA recommendations, and will be submitted landholders as appropriate. These policies are maintained in consultation with the school's insurance carriers and at a minimum include:
  - a. Response to natural disasters and emergencies including fire, flood, earthquake, dirty bombs and toxic spills, siege, explosions, airplane disasters, and serious personal injuries
  - b. Training of personnel in first aid and emergency response and exposure/ handling of hazardous materials
  - c. Insuring the safety and limiting the liability for students, staff and volunteers for off campus events, and for persons coming to or leaving campus
  - d. Insuring safety and limiting liability for volunteers working on campus.

CAR shall adhere to an Emergency Preparedness Guideline drafted specifically to meet the needs of the school site. These policies are incorporated as appropriate into the school's student and staff handbooks and

will be reviewed on an ongoing basis in the school's staff development efforts. Any additional health and safety policies and procedures along with any revisions of existing policies and procedures shall be submitted annually to the District as part of the annual programmatic audit of the charter school.

- 9. Blood Bourne Pathogens: CAR meets state and federal standards for dealing with blood borne pathogens and other potentially infectious materials on campus. A written "Exposure Control Plan" is in place, designed to protect employees from possible infection due to contact with blood borne viruses, including human immunodeficiency virus (HIV) and hepatitis B virus (HBV). Faculty and staff must review and sign the policy annually. Whenever exposed to blood or other body fluids through injury or accident, students and staff should follow the latest medical protocol for disinfecting procedures.
- 10. Drug Free/Smoke Free Environment: In keeping with BP 401.10, CAR maintains a drug and alcohol and smoke free environment and adhere to the Code of Federal Regulations, Title 49, Parts 40 and 382
- 11. Bullying and Harassment Policies and Procedures: In keeping with BP 401.01 and 401.02 CAR is committed to providing a school that is free from sexual harassment, as well as any bullying and harassment based upon factors such as the person's actual or perceived characteristics of race or ethnicity, color, ancestry, nationality, national origin, immigration status, ethnic group identification, age, religion, marital status, pregnancy, parental status, physical or mental disability, sex, sexual orientation, gender, gender identity, gender expression, or genetic information, or any other characteristic identified by state or federal law, or based on his/her association with a person or group with one or more of these actual or perceived characteristics. Misconduct of this nature is very serious and will be subject to disciplinary measures. Concerns about bullying, discrimination, or harassment will be addressed through the uniform complaint procedure adopted by CAR.
- 12. Field Trip Water Safety Policies: CAR does not permit field trips which include swimming, wading, and general exposure of students to bodies of water without prior approval of the CAR Board of Directors.
- 13. Suicide Prevention: CAR recognizes that suicide is a major cause of death among youth and should be taken seriously. In order to attempt to reduce suicidal behavior and its impact on students and families, the Principal or designee shall develop strategies for prevention, intervention, and postvention. The Principal or designee may involve health professionals, other school staff, parents/guardians, students, local health agencies, and community organizations in planning, implementing, and evaluating CAR's strategies for suicide prevention, intervention, and postvention. As appropriate, these strategies shall specifically address the needs of students who are at high risk of suicide, including, but not limited to, students bereaved by suicide; students with disabilities, with mental health issues, or substance use disorders; students experiencing homelessness or who are in foster care; lesbian, gay, bisexual, transgender, or questioning youth. This policy shall be reviewed by the Board and updated as necessary annually.

Suicide prevention strategies may include, but not be limited to:

- 1. Staff training on suicide awareness and prevention for teachers and other school employees who interact with students. The training shall include:
  - a. Information on the higher risk of suicide among certain groups, including, but not limited to, students bereaved by suicide; students with disabilities, mental health issues, or substance use disorders; students experiencing homelessness or who are in foster care; lesbian, gay, bisexual, transgender, or questioning youth;
  - b. Individual risk factors such as previous suicide attempt(s) or self-harm, history of depression or mental health issues, family history of suicide or violence, feelings of isolation, interpersonal conflicts, a recent severe stressor or loss, family instability, impulsivity, and other factors;
  - Warning signs that may indicate depression, emotional distress, or suicidal intentions, such as changes in students' personality or behavior and verbalizations of hopelessness or suicidal intent;
  - d. Community resources and services;
  - e. Appropriate ways to interact with a student who is demonstrating emotional distress or is suicidal and procedures for intervening when a student attempts, threatens, or discloses the desire to die by suicide, including, but not limited to, appropriate protocols for monitoring the student while the immediate referral of the student to medical or mental health services is being processed.
- 2. Efforts to promote a positive school climate that enhances students' feelings of connectedness with the school and is characterized by a caring staff and harmonious relationships among students.
- Student identification cards shall include the National Suicide Prevention
   Lifeline telephone number, the National Domestic Violence Hotline number, and
   may also include the Crisis Text Line or other local crisis numbers.

Suicide intervention strategies may include, but not be limited to:

- 1. Students shall be encouraged to notify a teacher, principal, or other adult when they are experiencing thoughts of suicide or when they suspect or have knowledge of another student's suicidal intentions.
- 2. Whenever a staff member suspects or has knowledge of a student's suicidal intentions, he/she shall promptly notify the Principal or designee. Every statement regarding suicidal intent shall be taken seriously. The Principal or designee shall then notify the student's parent/guardians if there is reasonable cause to believe that it is necessary to avert a clear and present danger to the health, safety, or welfare of the student or others as soon as possible and may refer the student to mental health resources in the community. School employees shall only act within the authorization and scope of their credential or license. An employee is not authorized to diagnose or treat mental health issues unless they are specifically licensed and employed to do so.
- 3. The principal or designee shall document any suicide attempt or threat in writing, including the steps the school took in response.

Suicide postvention strategies may include, but not be limited to:

1. In the event that a student dies by suicide the Principal or designee shall communicate with the student's parents/guardians to offer condolences and assistance. In accordance with confidentiality of student record information, the

Principal or designee shall consult with the parents/guardians regarding facts that may be divulged to other students, parents/guardians, and staff.

2. The Principal or designee shall implement procedures to address students' and staff's grief and to minimize the risk of imitative suicide or suicide contagion. The Principal or designee shall provide students, parents/guardians, and staff with information, counseling, and/or referrals to community agencies as needed. School staff may receive assistance from mental health professionals in determining how best to discuss the suicide or attempted suicide with students.

3. The school's response to media shall be handled by the Principal or designee and focus on the postvention plan and available resources.

4. After any suicide or attempted suicide by a student, the Principal or designee shall provide an opportunity for all staff who responded to the incident to debrief, evaluate the effectiveness of the strategies used, and make recommendations for future actions.

	·
